

SUSTAINABLE DIGITAL DEVELOPMENT FOR ALL

DOREEN BOGDAN-MARTIN

VISION FOR THE FUTURE

US CANDIDATE for **DIRECTOR, ITU-BDT** TELECOMMUNICATION DEVELOPMENT BUREAU

Doreen Bogdan-Martin is uniquely qualified to get the job done.

During her more than 25 years in the ICT sector, including over 20 at the ITU, Doreen has built an unrivalled track record in bringing together multi-stakeholder networks that deliver on their promises.

COMMITMENT TO ICT DEVELOPMENT

TRANSFORMING AMBITIOUS VISIONS INTO CONCRETE STRATEGIES AND ACTIONS

■ RESULTS-ORIENTED ■ INNOVATIVE ■ EXPERIENCED ■ COALITION BUILDER

SUSTAINABLE DIGITAL DEVELOPMENT

Doreen believes 'connectivity for all' is a critical leadership imperative. Sustainable digital development, particularly in the world's poorer countries, will be key to building a prosperous future – especially for youth and women. In partnership with ITU Members and the multi-stakeholder community she will chart a path toward universal broadband access.

PARTNERSHIPS THAT BENEFIT ALL

The benefits of technology for health, education, empowerment and employment are fundamentally game-changing. Under Doreen's leadership, ITU's Development Sector will re-energize its efforts to bring governments and industry together to create innovative development partnerships that benefit all.

connectivity FOR ALL

OVER 25 YEARS IN THE ICT SECTOR

Creator of multiple successful initiatives in support of advancing connectivity, including the **Global Symposium for Regulators**, annual **Trends in Telecommunication Reform** reports, **Broadband Commission for Sustainable Development**, **BYND2015 Youth Summit**, and the **Global Partnership for Gender Equality in the Digital Age (Equals)**.

STRATEGIC LEADER MOTIVATING TEAMS

Inspires confidence from ITU members and attracts new partners to the work of the Union. Proven ability to motivate teams and individuals to achieve their full potential and foster innovative approaches that multiply impact.

CREATIVE SOLUTIONS

Brings powerful organizational, analytical and decision-making skills to bear in implementing projects and developing creative, innovative solutions. Director of global ITU conferences including **Plenipotentiary Conferences**, **World Telecom Policy Forums**, and annual sessions of the **ITU Council** (2008-2017).
