Department of Commerce:

We saw the article in the June 2015 *Rural Missouri Electric Co-op* newsletter magazine about bringing high-speed broadband internet service to rural Missouri. We live in Clark County, in the Northeast corner of Missouri, and do not have access to broadband high-speed internet.

It would be great if you could bring fiber-optic internet and phone service to our area, as our dial-up phone land-lines are in need of upgrade also. We would appreciate if you could make the high-speed improved service available to us, in the near future.

Thank-you,

A handwritten signature in cursive script that reads "Paul Gilkerson Joan Gilkerson". The signature is written in dark ink and is positioned above the typed name.
