11a. Narrative description for each activity reported in Question 11 for this quarter; any challenges or obstacles encountered and mitigation strategies you have employed; planned major activities for the next quarter; and any additional project 11.1 (Narrative) We had 3 workgroup meetings with first responders. In the workgroup meetings we discussed Incident Command Structure and communications challenges. We also discussed scheduling further planning meetings. Further discussion is required. Had continued meetings with ASTCA CTO Fa'asala Augafa and ASTCA CEO Lewis Wolman.

11.2 (Narrative) We sent our Director, IT Specialist at the CTO rep to attend the IWCE EXPO IN LAS VEGAS in March. This Expo enabled our Director and IT Specialist to network and share FirstNet strategies with the CTO and the multiple FirstNet vendors, stakeholders and partners.

11.4 (Narrative) We were able to find and hire two additional staff to assist with SLIGP activities to include but not limited to planning strategies and public relations. These positions were not in the initial SLIGP Narrative write up and/or budget, but we found these positions to be necessary in assisting with this last year of activities. With them added to our staff, we are still within our original personnel budget.

11.8 (Narrative) In the above workgroup meetings, we continued further discussion of potential Public Safety users to include second tier responders from other government departments that are not typical first responders such Samoan Affairs and private sector first responders with Pacific Energy (who respond to oil spoils).

We hired two additional personnel to complement our current SLIGP FirstNet Team; a Planning Specialist and a Public Relations Specialist. Neither of these two positions were in the original SLIGP 2.0 proposal however based on our current needs and available budget for personnel, we felt that it was important to include these two new positions to help accomplish our planning objectives during the final year of the SLIGP 2.0 program. With these two additional staff, we still remain within our personnel budget.

13b. Narrative description any challenges, updates, or changes related to contracts and/or subrecipients.

The large increase in the contractual line item in section 14 below (from \$1,473.68 in Q4 to \$32,417.19 in Q5), was due to the funds being drawn down into an encumbered account to ensure that it could be paid out to the vendor on a monthly basis. These funds are still held by ASG. These funds were approved under local travel but are listed under contractual service because of the required leased agreement.

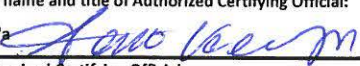

No new contracts occurred during this quarter.
