11a. Desci	ribe your progress meet	ing each	major activity/milestone approv	ed in the Baseline Re	port for this pro	oject; any challenges or obsta	acles encountered and mitigation	
strategies	you have employed; pla	nned ma	jor activities for the next quarter	; and any additional p	oroject milestor	nes or information.		
Milestone	activities: Several existing	ng state e	employees were able to begin wo	rk on SLIGP, including	the Broadband	Program Manager, Grant Ana	lyst and administrative/financial	
support personnel. We have posted the job descriptions for the Broadband Coordinator and Outreach Manager and plan to have them hired in the next quarter. We began								
			•		-	•		
outreach to key stakeholders regarding the governing body and researched existing options that would work for this project. At this time it appears we will be forming a new entity								

Other activities: We finalized all internal policies and procedures for the grant management.

for the governing body and anticipate having the group formalized and operational by next quarter.

Outreach and education efforts: We continued to hold outreach meetings as the opportunity arises. We met with the statewide 9-1-1 task force, the North Central and North West All Hazard regions and the Colorado State Patrol. These meetings combined for 90 people and each person received a copy of the current power point presentation.

11b. If the project team anticipates requesting any changes to the approved Baseline Report in the next quarter, describe those below. Note that any substantive changes to the Baseline Report must be approved by the Department of Commerce before implementation.

We do not anticipate any changes for next quarter.

11c. Provide any other information that would be useful to NTIA as it assesses this project's progress.

Most of our work this quarter focused on transitioning existing staff onto the SLIGP project team and completing administrative activities (signing the CD-450, completing the Baseline/Expenditure Plan, reviewing financial processes with our state financial team). We were able to plan for several activities, which will be executed in the next quarter.

While 1.6 staff has begun to be involved with SLIGP, we decide not to show in expenses for Personnel and Fringe Benefits for the first quarter while staff was getting familiar with the project. We will have expenses for these two categories in the second quarter.

11d. Describe any success stories or best practices you have identified. Please be as specific as possible.

We scheduled a budget meeting with our grants team so SLIGP team members could learn about processes for procuring services, processing invoices, and managing the SLIGP budget. The financial team was able to tell us about tools they had that we did not know about. Those tools will make it easier for us to manage our budget and keep accurate financial records. Initial outreach to key stakeholders in regard to the governing body has been positive and all stakeholders understand the importance of the project.

12. Personnel

12a. If the project is not fully staffed, describe how any lack of staffing may impact the project's time line and when the project will be fully staffed.

We anticipate having all SLIGP staff hired by Q2, as projected in our Baseline/Expenditure Plan. We don't anticipate any changes to the project's timeline.

12b. Staffing Table

Job Title	FTE %	Project(s) Assigned	Change
Broadband Coordinator	0.5	Provide oversight of all SLIGP project activities	In the process of being hired
Outreach Coordinator	1.0	Provide support for SLIGP outreach activities	In the process of being hired
Grant Program Manager	0.2	Provide support for grant management and reporting requirements	Started work on SLIGP
Grant Analyst	0.2	Provide support for grant management and reporting requirements	Started work on SLIGP
Grant Accountant	0.2	Provide support for budget management and reporting requirements	Started work on SLIGP
Administrative Support	1.0	Provide administrative support for grant management, governance meetings, and outreach activities	Started work on SLIGP

According to the Paperwork Reduction Act, as amended, no persons are required to respond to a collection of information unless it displays a currently valid OMB control number. Public reporting burden for this collection of information is estimated to average 10 hours per response for the application process, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to Michael Dame, Director, State and Local Implementation Grant Program, Office of Public Safety Communications, National Telecommunications and Information Administration, U.S. Department of Commerce (DOC), 1401 Constitution Avenue, N.W., HCHB, Room 7324, Washington, D.C. 20230.
