11a. Describe your progress meeting each major activity/milestone approved in the Baseline Report for this project; any challenges or obstacles encountered and mitigation strategies you have employed; planned major activities for the next quarter; and any additional project milestones or information.

Milestone Activities: Broadband working group meetings were held on 10/9/2014 and 12/11/2014. Statewide Interoperability Executive Council meetings (Governing body) were held on 10/9/2014 and 12/11/2014. These meetings are held on a bi-monthly basis to update the SIEC Committee on status updates relating to the NPSBN and FirstNet progress, SLIGP activities and to discuss overall interoperability communication issues throughout the State of Delaware. The State of Delaware Division of communications has been holding weekly internal meetings (beginning in December of 2013) with the SPOC, Grants Manager and Outreach coordinator to discuss weekly updates about the NPSBN

twitter up from 109 from previous quarter and we are following 102. This will be ongoing outreach to our State and local governments through the entire planning phase of the NPSBN. We had a total of 503 page views, 145 unique visitors, 205 visits and 7800 hits to our website since last reporting period. We have also been preparing for our state consultation meeting scheduled for February 19th 2015.

11b. If the project team anticipates requesting any changes to the approved Baseline Report in the next quarter, describe those below. Note that any substantive changes to the Baseline Report must be approved by the Department of Commerce before implementation.

No changes at this time.

11c. Provide any other information that would be useful to NTIA as it assesses this project's progress.

We have maintained a website that was launched on June 27th as well as 2 social media outlets to continue outreach with our State and local governments. We currently have weekly internal meetings to discuss FirstNet and SLIGP updates and have scheduled conference meetings with the League of Local Governments scheduled for next year.

11d. Describe any success stories or best practices you have identified. Please be as specific as possible. We also plan to schedule presentations between our Broadband group and our local fire and police agencies beginning in 2015.
