14. NEW – Registration of a Second .EDU Domain Name:

Organizations eligible for .EDU domain name registration may register up to two .EDU domain names as long as those domains are associated with the entire organization and not just a subunit. Organizations that meet the domain's eligibility requirements, but that already hold more than one .EDU domain name (most likely as a result of the extra domain(s) being grandfathered under the relevant provisions of the .EDU Cooperative Agreement), may not request an additional .EDU domain name.

Grandfathered domain holders remain eligible to renew their domain name(s) per the terms and conditions of the Cooperative Agreement. Grandfathered domain holders that do not meet the .EDU eligibility requirements are not eligible to register a second .EDU domain name. EDUCAUSE will apply the standard policies and processes for .EDU registration to applications for second .EDU domain names.
