

Framing: Key Progress

1. Draft document structure prepared
2. Defining SBOM and the baseline elements required
3. Propose structure for SBOM
4. Provide example structure of what it is proposed
5. Outline the recursive nature of the SBOM components and subcomponents and how to document that
6. Focus on outlining the processes for managing SBOMs

Framing: Focus Areas

1. Finalize how we are defining an SBOM
2. Finalize the **required** versus **optional** SBOM elements
3. Continue work on Section 4: SBOM Processes
4. Review and ensure alignment with other working group content
