11a. Describe your progress meeting each major activity/milestone approved in the Baseline Report for this project; any challenges or obstacles encountered and mitigation strategies you have employed; planned major activities for the next quarter; and any additional project milestones or information.

North Carolina has continued a varied outreach and education program to provide information on FirstNet during this past quarter. Though no substantial new information is known about the FirstNet project due to the progressing RFP process, FirstNetNC continues to staff informational booths at conventions and conferences in order to provide the opportunity to engage stakeholders in one on one conversations. Additional work is being done on the data that was already submitted that also includes a review of operational areas in North Carolina and a contract with NC Commerce for a half-time research analyst. Video production began this quarter in an effort to provide better education and outreach of the efforts in our state and will be completed in the next quarter. North Carolina sent 10 people to participate in Broadband conferences this past quarter. The Statewide Interoperability Executive Committee (Governance) held a regular meeting in which FirstNetNC provided an update. Additionally, FirstNetNC held it's 2016 Kickoff meeting with FirstNet staff to outline some of the goals for the continued consultation process. FirstNetNC has been engaged with FirstNet staff on the formation of the Consultation Task Teams and desire to have meetings with the Executive/Governor's staff and the SIEC as a Governance body. We hired a grants manager whose responsibility (.5 FTE) will be to ensure compliance with reporting requirements for the SLIGP grant. A total of 214 stakeholders were reached, 2 staff members attended one (1) Governance meeting with FirstNetNC participation, and 7,460 materials were distributed including both digital and physical methods.

11b. If the project team anticipates requesting any changes to the approved Baseline Report in the next quarter, describe those below. Note that any substantive changes to the Baseline Report must be approved by the Department of Commerce before implementation.

Per North Carolina's Amendment #5, a revised SLIGP budget was submitted Q4 CY2015 and approved Q1 CY2016. Q1 CY2016 PPR utilized the approved budget. Amendment #6 was planned to be submitted during this quarter; however, we will submit it in Q3 CY16 in order to address proper fund categories and staff changes.

11c. Provide any other information that would be useful to NTIA as it assesses this project's progress.
As per last quarter, little new information from FirstNet due to the release of RFP. We continue to ramp up Liaison staff (education and outreach) a process that will continue as we ramp up education and outreach once FirstNet has significant information for responders and decision makers (cost, coverage, capacity, etc.).

11d. Describe any success stories or best practices you have identified. Please be as specific as possible.
The part time Outreach Liaison staff continues to be a significant asset for our program.

12. Personnel

12a. If the project is not fully staffed, describe how any lack of staffing may impact the project's time line and when the project will be fully staffed.
The North Carolina Office continues to operate with limited staff. Never-the-less. the Education and Outreach Mission continues. As discussed with NTIA, match efforts will continue to be counted for First Responder stakeholders attending FirstNetNC meetings.

12b. Staffing Table - *Please include all staff that have contributed time to the project. Please do not remove individuals from this table.*

13b. Describe any challenges encountered with vendors and/or subrecipients.

Administrative support personnel was provided to our office through a subcontract with Temporary Solutions (State of NC temporary staffing agency). The administrative assistant left employment this quarter and there is a challenge in identifying a new candidate that possesses the knowledge and skill set with the limited amount of time of the grant. Therefore, administrative support functions maybe provided by NC DIT as in-kind match.
