SLIGP Update for NPSTC/IACP Public Safety Broadband Forum

June 24, 2014

SLIGP State and Local Implementation Grant Program

BACKGROUND

- The State and Local Implementation Grant Program (SLIGP) was created under the Middle Class Tax Relief and Job Creation Act of 2012

- SLIGP is a three-year, formula-based grant program requiring 20% matching funds

- Funding is to help recipients plan and prepare for the forthcoming nationwide public safety broadband network (PSBN)

- NTIA awarded $116.5 million in grants to 54 states and territories

SLIGP State and Local Implementation Grant Program

PROGRAM GOALS

Grant funds assist states and territories to:

- Support planning, governance, consultation, and outreach

- Engage local governments, regional bodies, rural communities, and Tribal Nations

- Reach out to all public safety disciplines that may be potential users of the PSBN

- Collect data and gather information on existing infrastructure and equipment

**SLIGP** State and Local Implementation Grant Program

SLIGP OUTCOMES

- Enhance or establish statewide governance
- Consult with FirstNet about unique characteristics of states and territories and the needs of public safety users
- Identify potential users of the PSBN
- Update Statewide Communications Interoperability Plans (SCIP) to include public safety wireless broadband initiatives
- Collect data on existing infrastructure to help FirstNet plan for the PSBN

SLIGP State and Local Implementation Grant Program

PROGRAM OFFICE ACTIVITIES

- For the remainder of the year, SLIGP will:
  - ➤ Continue to provide support to our recipients
  - ➤ Develop and distribute programmatic best practices documents on program priorities such as outreach and education, tribal coordination, and governance
  - ➤ Conduct site visits (16 site visits planned for this year start this summer)
  - ➤ Hold webinars and conference calls as needed for programmatic refreshers or grants changes

SLIGP State and Local Implementation Grant Program

HOW TO GET INVOLVED

- Find out your designated SPOC

- Determine what groups or associations are represented on the state/territory governing body

- Learn how your state intends to execute education and outreach for public safety broadband and get involved

- Attend PSBN outreach events

- Help identify potential PSBN users

- Support the asset and infrastructure data collection efforts, if requested by the state
