B. Governance Meetings – As established at the outset of the RI FirstNet Program, the Rhode Island Interoperable Communications Committee (ICC) was given responsibility for RI FirstNet oversight and governance. As such, FirstNet was on the agenda at every ICC meeting for the duration of the grant, In addition, in the last quarters of the grant period meetings with the Governon's Decision team were included in the count (46 meetings). Note that in Q2 it was reported that Rhode Island heid 45 governance meetings. There is no documentation that accompanies the number and hence removing that number from the total count. Also, a couple of the quarterly reports were corrected, leading to the number of 46.

C. Staff Hired (Full-Time Equivalent (FTE)) -- The primary appointment for the FirstNet project was Tom Guthlein, RIEMA Operations Branch Chief. In his role on FirstNet, Tom served as the Single Point of Contact (SPOC), Statewide Interoperability Coordinator (SWIC), & FirstNet Program Officer. In the first few month of the project, he served as a full-time FTE (100%) and then dropped back to .75 FTE. As Indicated in our quarterly reports, in the period of 10/1/16-3/30/17 Tom was temporarily reassigned by the Governor to a different project. During this time, his duties were picked up by the Project Manager.

D. Subrecipient Agreements Executed -- To leverage his extensive experience with NTIA-funded broadband programs, Stuart Freiman, an employee of the RI Commerce Corporation, was brought into the program to serve as Project Manager. This was accomplished through three sub-awards to the RI Commerce Corporation covering the period July 1, 2015 -- Feb 28, 2018.

E. Contracts Executed -- There were two contracts executed during the course of the program. The first was awarded to EA Engineering, Science and Technology to perform data collection, analysis and reporting on both phases of the FirstNet Data Collection Project. This is described in more detail in the Data Collection narrative. The second was awarded to Colony Personnel Services for Temporary Clerk/Secretary services for the period 12/1/14 thru 3/30/15. This award was discovered in the course of our grant closeout preparation and although calculated in our financial reports, was not specifically identified in any of our quarterly reports.

F. Individuals Sent to Broadband Conferences -- In total, RIEMA completed 10 person-trips to FirstNet SPOC meetings which were attended by Tom Guthlein and/or Stuart Freiman. This number was double-checked and is consistent with the number reported in the cumulative quantitative sections of the grant PPRs.

G. Education and Outreach Materials Distributed — RIEMA did not keep close tabs on materials distributed through the course of the project and hence the low number in the closeout report. The number 93 indicated covers the distribution of the SCIP as well as Rhode Island FirstNet Annual Report.

## Please describe in detail any SLIGP program priority areas (education and outreach, governance, etc.) that you plan to continue beyond the SLIGP period of performance.

Through the course of the follow-on SLIGP 2.0 grant period, RIEMA intends to maintain Tom Guthlein as FirstNet Program Office and Stuart Freiman as Project Manager. They form the core of a FirstNet Program Office which will continue to work with the ICC to provide governance and oversight to the program as FirstNet implementation moves forward. In addition, the Program Office will continue planning activities to anticipate and assure a smooth transition to the new technology. This includes the development of data sharing agreements and outreach as appropriate. In addition, we expect further guidance from FirstNet on proposed outreach and data collection activities.

Data collection narrative: Please describe in detail the status of your SLIGP funded data collection activities.

The data collection process was performed by RIEMA in collaboration with EA Engineering, Science and Technology (EA), the subcontractor for the project. EA developed the project process flows, online survey, data repository, reports and GIS analysis. In total, RIEMA identified 238 Public Safety Entities (PSEs) in the state which qualify as potential FirstNet users. The initial report was submitted to FirstNet on September 30, 2015. It contained a summary of collected data and estimated number of personnel and devices for eligible public safety entities based on the known PSEs. Approximately one year later, following FirstNet guidance, EA, in collaboration with RIEMA performed a second round of data collection. The final report was submitted to FirstNet on September 30, 2016.

## Please describe in detail any data collection activities you plan to continue beyond the SLIGP period of performance.

Within the SLIGP 2.0 timeframe, RIEMA Intends to follow FirstNet's guidance on additional data collection activity.

Lessons Learned: First and foremost, the FirstNet program and resulting SLIGP funding has allowed the State public safety community to take a giant leap forward in understanding the relevance and importance of broadband technology in its operational and communications infrastructure. Second, the data collection process helped to better understand the State's current broadband capacity and public safety uses, as well as future requirements.

Part C: Staffing

Staffing Table - Please provide a summary of all positions funded by SLIGP.

Name	FTE%	Project(s) Assigned	Change
Thomas Guthlein	75	RIEMA Operations Section Chief, FirstNet Program Officer, SWIC, SPOC	N

## Part D: Contracts and Funding

Subcontracts Table - Include all subcontractors engaged during the period of performance. The totals from this table must equal the "Subcontracts Total" in your Budget Worksheet

Name		s			Type (Vendor/Subrec.)	RFP/RFQ Issued (Y/N)	Total Federal Funds Allocated	Total Matching Funds Allocated
Colony Personnel Services		Temporary administra	ative support		Vendor	N	\$3,880.06	\$0.00
EA Engineering Science and Technology, Inc.			takehoider data collection p ata collection deliverables	projects in	Vendor	N	\$82,243.62	\$0.00
18: Commerce Corporation (Year 1)		Sub-grant award for F subject matter expert	iirstNet project managemer tise	nt and	Subrecipient	N	\$94,000.00	\$68,042.24 (\$36,227.56 for Commerce contribution of direct expenses for Stuart Freiman covering fringe benefits and \$31,814.68 indirect expenses)
RI Commerce Corporation (Year 2)		Sub-grant award for FirstNet project management and subject matter expertise		Subrecipient	N	\$100,431.00	\$74,790.97 (Commerce contribution of indirect expenses assignable to Stuart Freiman)	
RI Commerce Corporation (Year 3)		Sub-grant award for FirstNet project management and subject matter expertise		Subrecipient	N	\$75,664.73	\$46,132.79 (Commerce contribution of indirect expenses assignable to Stuart Freiman)	
Budget Worksheet								
Columns 2, 3 and 4 must match your project budget for the	entire award and your final	SF 424A. Columns 5, 6	, and 7 should list your final	budget figur	es, cumulative throu	ugh the last quarter		
Project Budget Element (1)	Federal Funds /	Awarded (2)	Approved Matching Funds (3)	Tota	l Budget (4)	Final Federal Funds Expended (5)	Final Approved Matching Funds Expended (6)	Final Total funds Expended (7)
