<p>During the last quarter of 2016 we continued to focus our outreach and education efforts towards speaking engagements and exhibit hall booths at public safety association and municipal league meetings across Tennessee. We were able to host productive Metropolitan Engagement Meetings in Nashville, Knoxville, and Chattanooga; we were also invited to meet with the Governor's office and the State Legislature to discuss FirstNet and what it means for Tennessee. In the coming quarter we have our annual Regional Public Safety Broadband Conferences planned; these will take place in Jackson, Gallatin, and Knoxville, utilizing free or low-cost auditorium space at community colleges. We also executed a 1-year contract with the Tennessee Technological University's iCube Department to develop a new updated website that will promote public safety broadband adoption and use through a fun, interactive, competition-based format. This new website will be officially launched on March 1. We hosted meetings of our Technical WorkGroup via WebEx in October and November. Our outreach numbers are generated from Twitter impressions, facebook reach, and print materials and digital newsletters</p>					
<b>11b. If the project team anticipates requesting any changes to the approved Baseline Report in the next quarter, describe those below. Note that any substantive changes to the Baseline Report must be approved by the Department of Commerce before implementation.</b>					
No changes anticipated.					

**11c. Provide any other information that would be useful to NTIA as it assesses this project's progress.**

Our team is looking forward to the spring SPOC meeting and a contract award. We would like more direction on best practices for getting into major metropolitan mayor's offices for outreach. We also look forward to the SPOC portal being live. It is critical that we have new information for our stakeholders, they are getting antsy.

**11d. Describe any success stories or best practices you have identified. Please be as specific as possible.**

We have had much success with one on one conversations at association meetings. We still find that the majority of people have heard of FirstNet and are eager to know more about cost and coverage.
