

AGREEMENT # 1

usTLD Registrar Accreditation Agreement v. 2.0

This REGISTRAR ACCREDITATION AGREEMENT ("Accreditation Agreement") is by and between NeuStar, Inc., a Delaware corporation, and _____ [Registrar Name], a _____ [Organization type and jurisdiction] ("Registrar"), and shall be deemed made on _____ [DATE], at Sterling, VA 20166, USA.

1. DEFINITIONS. For purposes of this Accreditation Agreement, the following definitions shall apply:

1.1 "Accredit" means to identify and set minimum standards for the performance of registration functions, to recognize persons or entities meeting those standards, and to enter into an accreditation agreement that sets forth the rules and procedures applicable to the provision of Registrar Services.

1.2 The "Effective Date" is the last date below upon which this Accreditation Agreement is executed.

1.3 The "Expiration Date" is the date of the last expiration of the usTLD Agreement.

1.4 "NeuStar" or "Registry" means NeuStar, Inc., its successors and assigns.

1.5 "Registered Name" means a domain name within the usTLD, whether consisting of two or more (e.g. neustar.kids.us) levels, about which the Registry (or an affiliate engaged in providing registry services) maintains data in the Registry Database, arranges for such maintenance, or derives revenue for such maintenance. A name in a Registry Database may be a Registered Name even though it does not appear in a authoritative DNS (also referred to as the "zone file") (e.g., a registered by inactive name).

1.6 "Registrant" means the holder of a Registered Name.

1.7 The word "Registrar," when appearing with an initial capital letter, refers to [Registrar Name], a party to this Accreditation Agreement.

1.8 The word "registrar," when appearing without an initial capital letter, refers to a person or entity that contracts with a Registrant and with NeuStar and collects registration data about the Registrant and submits registration information for entry in the Registry Database and is party to an accreditation agreement with NeuStar.

1.9 "Registrar Services" means services provided by a registrar in connection with the usTLD, whether consisting of two or more (e.g. neustar.kids.us) levels, and includes contracting with Registrant, collecting registration data about the Registrant, and submitting registration information for entry in the Registry Database.

1.10 "Registry Database" means a database comprised of data about one or more domain names within usTLD, whether consisting of two or more (e.g. neustar.kids.us) levels, that is used to generate either DNS resource records that are published authoritatively or responses to domain-name availability lookup requests or Whois queries, for some or all of those names.

1.11 "Registry System" means the registry system operated by Registry for Registered Names in the usTLD.

1.12 "Term of this Accreditation Agreement" begins on the Effective Date and continues to the earlier of (a) the Expiration Date, or (b) termination of this Accreditation Agreement.

1.13 "TLD Zone-File Data" means all data contained in a DNS zone file for the registry, or for any subdomain for which Registry Services are provided and that contains Registered Names, as provided to nameservers on the Internet. This does not include usTLD domain names hosted by a delegated manager within the usTLD or any domain names residing in the KIDS.US second-level domain.

1.14 "usTLD" shall mean the .us country code top-level domain.

1.15 "usTLD Agreement" means the usTLD Agreement by and between usTLD Administrator and the DoC dated October 26, 2001 (Order No. SB1335-02-W-0175), as modified by the usTLD Administrator and the DoC, for the administration and operation of the usTLD.

2. NeuStar OBLIGATIONS.

2.1 Accreditation. During the Term of this Accreditation Agreement, Registrar is hereby accredited by NeuStar to act as a registrar (including to insert and renew registration of Registered Names in the Registry Database) for the usTLD and any second-level domain(s) that are the subject of appendices to this Agreement according to Section 5.5.

2.2 Registrar Use of NeuStar Name and Website. NeuStar hereby grants to Registrar a non-exclusive, worldwide, royalty-free license during the Term of this Accreditation Agreement (a) to state that it is accredited by NeuStar as a registrar for the usTLD and (b) to link to pages and documents within the NeuStar web site. Registrar will place on the first web page at which registrants can register .us domain names a "usTLD Accredited Registrar" logo to be supplied by NeuStar. No other use of NeuStar's name or website is licensed hereby. This license may not be assigned or sublicensed by Registrar.

2.3 General Obligations of NeuStar. With respect to all matters that impact the rights, obligations, or role of Registrar, NeuStar shall during the Term of this Accreditation Agreement:

- 2.3.1 not apply standards, policies, procedures or practices arbitrarily, unjustifiably, or inequitably and not single out Registrar for disparate treatment unless justified by substantial and reasonable cause; and
- 2.3.2 ensure, through its reconsideration and independent review policies, adequate appeal procedures for Registrar, to the extent it is adversely affected by NeuStar standards, policies, procedures or practices.

3. REGISTRAR OBLIGATIONS.

3.1 Obligations to Provide Registrar Services. During the Term of this Accreditation Agreement, Registrar agrees that it will operate as a registrar for the usTLD and for each second-level domain for which it is accredited, in accordance with this Accreditation Agreement and the usTLD Administrator-Registrar Agreement.

3.2 Submission of Registered Name Holder Data to Registry. During the Term of this Accreditation Agreement:

- 3.2.1 As part of its registration of Registered Names in the usTLD, Registrar shall submit to, or shall place in the Registry Database operated by, NeuStar, as the Registry for the usTLD, the following data elements:
 - 3.2.1.1 The name of the Registered Name being registered;
 - 3.2.1.2 The IP addresses of the primary nameserver and secondary nameserver(s) for the Registered Name;
 - 3.2.1.3 The corresponding names of those nameservers;
 - 3.2.1.4 Unless automatically generated by the Registry System, the identity of the Registrar;
 - 3.2.1.5 Unless automatically generated by the Registry System, the expiration date of the registration; and
 - 3.2.1.6 Any other data NeuStar, as Registry, requires be submitted to it, including specifically, the data elements listed in Section 3.3 of this Agreement, as well as information regarding the primary purpose for which a domain name is registered (e.g., business, education, etc.). The appendix to this Agreement for a particular second-level domain may state substitute language for Subsections 3.2.1.1 through 3.2.1.6 as applicable to that second-level domain; in that event the substitute language shall replace and supercede Subsection 3.2.1 through 3.2.1.6 states above for all purposes under this Agreement by only with respect to that particular second level domain.
- 3.2.2 Within five (5) business days after receiving any updates from the Registered Name Holder to the data elements required to be submitted to the Registry listed in Section 3.2.1 for any Registered Name Registrar sponsors, Registrar shall submit the updated data elements to, or shall place those elements in the Registry Database operated by NeuStar, as Registry.
- 3.2.3 In order to allow reconstitution of the Registry Database in the event of an otherwise unrecoverable technical failure or a change in the designated usTLD Administrator, within ten (10) days of a request by NeuStar, Registrar shall submit an electronic database containing the data elements required to be submitted to the Registry listed in Section 3.2.1 for all active records in the registry sponsored by Registrar, as well as all information collected for compliance with an applicable "Sunrise" process or the US Nexus requirement, in a format specified by NeuStar.

3.3 Public Access to Data on Registered Names. During the Term of this Accreditation Agreement:

- 3.3.1 At its expense, Registrar shall provide an interface or link to the usTLD Whois. Until NeuStar otherwise specifies by means of a NeuStar adopted specification or policy, the usTLD Whois shall consist of the following elements as required and amended by the usTLD Agreement and/or the usTLD Administrator-Registrar Agreement:
- 3.3.1.1 The name of the Registered Name;
 - 3.3.1.2 The names of the primary nameserver and secondary nameserver(s) for the Registered Name;
 - 3.3.1.3 The identity of Registrar (which may be provided through Registrar's website);
 - 3.3.1.4 Registrar ID
 - 3.3.1.5 The original creation date of the registration;
 - 3.3.1.6 The expiration date of the registration;
 - 3.3.1.7 The name and postal address of the Registrant;
 - 3.3.1.8 The name, postal address, e-mail address, voice telephone number, and (where available) fax number of the technical contact for the Registered Name; and
 - 3.3.1.9 The name, postal address, e-mail address, voice telephone number, and (where available) fax number of the administrative contact for the Registered Name.

The appendix to this Agreement, or an applicable second-level Registrar Agreement, for a particular second level domain may state substitute language for Subsections 3.3.1.1 through 3.3.1.9 as applicable to that second level domain; in that event the substitute language shall replace and supercede Subsections 3.3.1.1 through 3.3.1.9 states above for all purposes under this Agreement but only with respect to that particular second level domain.

- 3.3.2 Upon receiving any updates to the data elements listed in Section 3.3 from the Registrant, Registrar shall promptly, and no later than fifteen (15) days, update its database and provide such updates to the Registry.
- 3.3.3 To comply with applicable statutes and regulations and for other reasons, Registry may from time to time adopt policies and specifications establishing limits (1) on the Personal Data concerning Registered Names that Registrar may make available to the public through a public-access service described in this Subsection 3.3 and (2) on the manner in which Registrar may make such data available. In the event that the Registry or the DoC adopts any such policy, Registrar shall abide by it.

3.4 Retention of Registrant and Registration Data.

- 3.4.1 During the Term of this Accreditation Agreement, Registrar shall maintain, or cause to be maintained, an electronic database, as updated from time to time, containing data for each active Registered Name sponsored by it within the usTLD, and any second-level domain for which it is accredited. The data for each such registration shall include the elements listed in Subsections 3.2 and 3.3; the name and (where available) postal address, e-mail address, voice telephone number, and fax number of the billing contact; and any other Registry Data that Registrar has submitted to the Registry or placed in the Registry Database under Subsection 3.2.

- 3.4.2 During the Term of this Accreditation Agreement and for three (3) years thereafter, Registrar (itself or by its agent(s)) shall maintain, or cause to be maintained, the following records relating to its dealings with NeuStar, as Registry, and Registrant:
- 3.4.2.1 In electronic form, the submission date and time, and the content, of all registration data (including updates) submitted in electronic form to NeuStar, as Registry;
 - 3.4.2.2 In electronic, paper, or microfilm form, all written communications constituting registration applications, confirmations, modifications, or terminations and related correspondence with Registrant, including registration contracts; and
 - 3.4.2.3 In electronic form, records of the accounts of all Registrant with Registrar, including dates and amounts of all payments and refunds.
- 3.4.3 During the Term of this Accreditation Agreement and for three (3) years thereafter, Registrar shall make these records available for inspection and copying by NeuStar upon reasonable notice. NeuStar shall not disclose the content of such records except as expressly permitted by a NeuStar specification or policy or as otherwise required by law.

3.5 Rights in Data. All rights of the Registry and Registrar under this Agreement remain subject to Clause 8 of the Terms and Conditions – Simplified Acquisitions of the usTLD Agreement (“Clause 8”). In the event of any conflict between such Clause 8 and this Agreement, Clause 8 shall control. Registrar disclaims all rights to exclusive ownership or use of the data elements listed in Sections 3.2. and 3.3 for all Registered Names submitted by Registrar to the Registry Database for, or sponsored by Registrar in, the usTLD and in any second-level domain within the usTLD for which registrar is accredited. Upon a change in sponsorship from Registrar of any Registered Name in the usTLD or any second-level domain within the usTLD for which registrar is accredited, Registrar acknowledges that the registrar gaining sponsorship shall have transferred to it any rights of use in the data elements listed in Sections 3.2 and 3.3 held by the Registrar under this Agreement. Nothing in this Subsection prohibits Registrar from (1) restricting bulk public access to data elements in a manner consistent with this Accreditation Agreement and any NeuStar specifications or policies and as required by law or (2) transferring rights it claims in data elements subject to the provisions of this Subsection.

3.6 Data Escrow. During the Term of this Accreditation Agreement, on a schedule, under the terms, and in the format specified by NeuStar, Registrar shall submit an electronic copy of the database described in Subsection 3.4.1 to NeuStar or, at Registrar's election and at its expense, to a reputable escrow agent mutually approved by Registrar and NeuStar, such approval also not to be unreasonably withheld by either party. The data shall be held under an agreement among Registrar, NeuStar, and the escrow agent (if any) providing that (1) the data shall be received and held in escrow, with no use other than verification that the deposited data is complete, consistent, and in proper format, until released to NeuStar; (2) the data shall be released from escrow upon expiration without renewal or termination of this Accreditation Agreement; and (3) NeuStar's rights under the escrow agreement shall be assigned with any assignment of this Accreditation Agreement. The escrow shall provide that in the event the escrow is released under this Subsection, NeuStar (or its assignee) shall have a non-exclusive, irrevocable, royalty-

free license to exercise (only for transitional purposes) or have exercised all rights necessary to provide Registrar Services.

3.7 Business Dealings, Including with Registrant.

- 3.7.1 In the event NeuStar adopts a specification or policy, supported by a consensus of NeuStar-Accredited registrars, establishing or approving a code of conduct for NeuStar-Accredited registrars, Registrar shall abide by that code.
- 3.7.2 Registrar shall abide by applicable U.S. laws and governmental regulations and requirements and policies that may be approved and/or mandated by the DoC.
- 3.7.3 Registrar shall not represent to any actual or potential Registrant that Registrar enjoys access to the Registry System that is superior to that of any other Accredited registrar.
- 3.7.4 Registrar shall not activate any Registered Name unless and until it is satisfied that it has received a reasonable assurance of payment of its registration fee. For this purpose, a charge to a credit card, general commercial terms extended to creditworthy customers, or other mechanism providing a similar level of assurance of payment shall be sufficient, provided that the obligation to pay becomes final and non-revocable by the Registrant upon activation of the registration.
- 3.7.5 Registrar shall register Registered Names to Registrant only for fixed periods. At the conclusion of the registration period, failure by or on behalf of the Registrant to pay a renewal fee within the time specified in a second notice or reminder shall, in the absence of extenuating circumstances, result in cancellation of the registration. In the event that NeuStar adopts a specification or policy concerning procedures for handling expiration of registrations, Registrar shall abide by that specification or policy.
- 3.7.6 Registrar shall not modify or renew any Registered Name in a manner contrary to a NeuStar policy stating a list or specification of excluded Registered Names that is in effect at the time of modification or renewal.
- 3.7.7 Registrar shall require all Registrants to enter into an electronic or paper registration agreements with Registrar including at least the following provisions:
 - 3.7.7.1 The Registrant shall provide to Registrar accurate and reliable contact details and promptly correct and update them during the term of the Registered Name registration, including: the full name, postal address, e-mail address, voice telephone number, and fax number if available of the Registrant; name of authorized person for contact purposes in the case of a Registrant that is an organization, association, or corporation; and the data elements listed in Section 3.3.
 - 3.7.7.2 A Registrant's willful or grossly negligent provision of inaccurate or unreliable information, its willful or grossly negligent failure promptly to update information provided to Registrar shall constitute a material breach of the Registrant's Registration Agreement with the registrar and be a basis for cancellation of the Registered Name registration.
 - 3.7.7.3 Enforcement of Accurate Whois Data
 - 3.7.7.3.1 Registrar shall accept written complaints from third parties regarding false and/or inaccurate Whois data of Registrants.

- 3.7.7.3.2 No later than thirty (30) days after receipt of a written complaint, the Registrar shall conduct an initial investigation into the veracity and accuracy of the contact details. If the Registrar determines that the information is false, inaccurate or not up to date, Registrar shall issue a letter to the Registrant via e-mail, and regular first class mail, stating that the information contained in the Registrant's Whois record may be false, inaccurate or not up to date.
- 3.7.7.3.3 The Registrant shall be required to update its contact information no later than thirty (30) calendar days from the date of such notice. If, within thirty (30) days, Registrant can either (i) show that it has not provided false or inaccurate contact information or (ii) provide the updated Whois information, then the registrant will be allowed to maintain its usTLD domain name registration. If, however, after thirty (30) days, the registrant either does not respond to Registrar's notice or is unable to provide true and accurate contact information, the registrant shall be deemed to have breached its registration agreement and the registrar shall be required to delete the registration.
- 3.7.7.3.4 Registrar shall not be required to refund any fees paid by the Registrant if the Registrar terminates a Registrant's registration agreement due to its enforcement of this provision.

3.7.7.4 Registrant as Licensor; No Proxy Domain Name Services

- 3.7.7.4.1 Any Registrant that intends to license use of a domain name to a third party is nonetheless the Registrant of record and is responsible for providing its own full contact information and for providing and updating accurate technical and administrative contact information adequate to facilitate timely resolution of any problems that arise in connection with the Registered Name. A Registrant licensing use of a Registered Name according to this provision shall accept liability for harm caused by wrongful use of the Registered Name, unless it promptly discloses the identity of the licensee to a party providing the Registrant reasonable evidence of actionable harm.
- 3.7.7.4.2 Notwithstanding Section 3.7.7.4.1 above, neither Registrar nor any of its resellers, affiliates, partners and/or contractors shall be permitted to offer anonymous or proxy domain name registration services which prevent the Registry from having and displaying the true and accurate data elements contained in Section 3.3 for any Registered Name.

3.7.7.5 Registrar shall provide notice to each new or renewed Registrant stating:

- 3.7.7.5.1 The purposes for which any personal data collected from the applicant are intended;
 - 3.7.7.5.2 The intended recipients or categories of recipients of the data (including NeuStar, as Registry, and others who will receive the data from NeuStar, as Registry);
 - 3.7.7.5.3 Which data are obligatory and which data, if any, are voluntary; and
 - 3.7.7.5.4 How the Registrant or data subject can access and, if necessary, rectify the data held about them.
- 3.7.7.6 The Registrant shall consent to the data processing referred to in this Section 3.7.7.4.
- 3.7.7.7 The Registrant shall represent that notice has been provided equivalent to that described in Subsection 3.7.7.4 to any third-party individuals whose personal data are supplied to Registrar by the Registrant, and that the Registrant has obtained consent equivalent to that referred to in Subsection 3.7.7.5 of any such third-party individuals.
- 3.7.7.8 Registrar shall agree that it will not process the personal data collected from the Registrant in a way incompatible with the purposes and other limitations about which it has provided notice to the Registrant in accordance with Subsection 3.7.7.4 above.
- 3.7.7.9 Registrar shall agree that it will take reasonable precautions to protect personal data from loss, misuse, unauthorized access or disclosure, alteration, or destruction.
- 3.7.7.10 The Registrant shall represent that, to the best of the Registrant's knowledge and belief, neither the registration of the Registered Name nor the manner in which it is directly or indirectly used infringes the legal rights of any third party.
- 3.7.7.11 For the adjudication of disputes concerning or arising from use of the Registered Name, the Registrant shall submit, without prejudice to other potentially applicable jurisdictions, to the jurisdiction of the courts (1) of the Registrant's domicile, (2) where Registrar is located, and 3) the United States.
- 3.7.7.12 The Registrant shall agree that its registration of the Registered Name shall be subject to suspension, deletion, cancellation, or transfer pursuant to any NeuStar adopted specification or policy, or pursuant to any registrar or registry procedure not inconsistent with a NeuStar adopted specification or policy, (1) to correct mistakes by Registrar or the Registry in registering the name or (2) for the resolution of disputes concerning the Registered Name. The appendix to this Agreement for a particular second-level domain may state additional grounds for suspension, deletion, cancellation or transfer to that second-level domain; in that event there are additional grounds such grounds shall supplement the grounds contained in this Subsection only with respect to that particular second level domain.
- 3.7.7.13 The Registrant shall indemnify and hold harmless the Registry and its directors, officers, employees, representatives, subcontractors, agents, affiliates, and stockholders from and against any and all claims, suits,

actions, other proceedings, damages, liabilities, costs and expenses of any kind, including without limitation reasonable legal fees and expenses, arising out of or relating to the Registrant's (i) domain name registration and (ii) use of any Registered Name.

3.7.7.14 Registrar shall require in its Registration Agreement with each Registrant that such Registrant certify that it meets the following Nexus Requirements

http://www.neustar.us/policies/docs/ustld_nexus_requirementto qualify to register to use a Registered Name. Registrants in the usTLD must be either:

3.7.7.14.1 A natural person (i) who is a citizen or permanent resident of the United States of America or any of its possessions or territories, or (ii) whose primary place of domicile is in the United States of America or any of its possessions, or

3.7.7.14.2 An entity or organization that is (i) incorporated within one of the fifty (50) U.S. states, the District of Columbia, or any of the United States possessions or territories or (ii) organized or otherwise constituted under the laws of a state of the United States of America, the District of Columbia or any of its possessions or territories (including a federal, state, or local government of the United States, or a political subdivision thereof), or

3.7.7.14.3 An entity or organization that has a bona fide presence in the United States.

3.7.7.15 Registrar shall require in its Registration Agreement with each Registrant that failure of Registrant to abide by the Nexus Requirements shall be a basis for cancellation of the registered name.

3.7.7.16 The appendix to this Agreement for a particular second-level domain and/or a separate Registry/Registrar agreement for a particular second-level domain may state additional requirements to be contained within its Registrar Agreement with each Registrant; in that event there are additional requirements such requirements shall supplement the grounds contained in this Subsection 3.7.7 only with respect to that particular second level domain.

3.7.8 Registrar shall abide by any specifications or policies established according to Section 4 requiring reasonable and commercially practicable (a) verification, at the time of registration, of contact information associated with a Registered Name sponsored by Registrar or (b) periodic re-verification of such information. Registrar shall, upon notification by any person of an inaccuracy in the contact information associated with a Registered Name sponsored by Registrar, take the steps set forth in Section 3.7.7.3 to investigate that claimed inaccuracy. In the event Registrar learns of inaccurate contact information associated with a Registered Name it sponsors, it shall take the steps described in Section 3.7.7.3. to correct that inaccuracy.

3.7.9 Registrar shall abide by any NeuStar adopted specifications or policies prohibiting or restricting warehousing of or speculation in domain names by registrars.

3.7.10 Nothing in this Accreditation Agreement prescribes or limits the amount Registrar may charge Registrant for registration of Registered Names.

3.8 Domain-Name Dispute Resolution. During the Term of this Accreditation Agreement, Registrar shall have in place a policy and procedures for resolution of disputes concerning Registered Names. Until different policies and procedures are established by NeuStar under Section 4, Registrar shall comply with the United States Dispute Resolution Policy (usDRP) and the Nexus Dispute Policy ("NDP") identified on Registry's website. The appendix to this Agreement for a particular second-level domain and/or a separate Registry/Registrar agreement for a particular second-level domain may state additional dispute resolution policies and procedures to be implemented with respect to Registered Names in a particular second-level domain name space; in that event there are additional policies and procedures, such policies and procedures shall supplement the dispute policies and procedures contained in this Subsection 3.8 only with respect to that particular second level domain.

3.9 Accreditation Fees. As a condition of accreditation, Registrar shall pay accreditation fees to NeuStar. These fees consist of yearly and variable fees.

3.9.1 Initial Accreditation Fee. Registrar shall pay NeuStar an initial fixed accreditation fee of \$1,000 for the usTLD. Payment of the yearly fixed fee shall be due within thirty (30) days after invoice from NeuStar.

3.9.2 Variable Accreditation Fee. [INTENTIONALLY OMITTED]

3.9.3 [INTENTIONALLY OMITTED]

3.10 Insurance. Registrar shall maintain in force commercial general liability insurance with policy limits of at least \$500,000 covering liabilities arising from Registrar's registrar business during the term of this Accreditation Agreement.

4. PROCEDURES FOR ESTABLISHMENT OR REVISION OF SPECIFICATIONS AND POLICIES.

4.1 Registrar's Ongoing Obligation to Comply With New or Revised Specifications and Policies. During the Term of this Accreditation Agreement, Registrar shall comply with the terms of this Accreditation Agreement and, on the schedule set forth in Subsection 4.3, with

4.1.1 new or revised specifications (including forms of agreement to which Registrar is a party) and policies established by NeuStar as usTLD Policies in the manner described in Subsection 4.2,

in cases where:

4.1.1.1 this Accreditation Agreement expressly provides for compliance with revised specifications or policies established in the manner set forth in one or more subsections of this Section 4; or

4.1.1.2 the specification or policy concerns one or more topics described in Subsection 4.2.

4.1.2 new or revised specifications and policies established required by operation of the usTLD Agreement or the ccTLD Agreement.

4.2 Manner of Establishment of New and Revised Specifications and Policies

- 4.2.1 "NeuStar Policies" are those specifications or policies established by NeuStar through the procedures outlined in the usTLD Agreement and on the usTLD website www.neustar.us and taking into account the recommendations of the United States Policy Council ("usPC"), as appropriate.
- 4.2.2 For all purposes under this Accreditation Agreement, the policies specifically identified by NeuStar on its website for the usTLD <www.neustar.us> at the date of this Accreditation Agreement as having been adopted by NeuStar before the date of this Accreditation Agreement shall be treated in the same manner and have the same effect as "NeuStar Policies". Such NeuStar Policies are hereby incorporated by reference and shall be binding on Registrar.

4.3 Time Allowed for Compliance. Registrar shall be afforded a reasonable period of time after receiving notice of the establishment of a specification or policy under Subsection 4.2 in which to comply with that specification or policy, taking into account any urgency involved.

5. MISCELLANEOUS PROVISIONS.

5.1 Specific Performance. While this Accreditation Agreement is in effect, either party may seek specific performance of any provision of this Accreditation Agreement in the manner provided in Section 5.5 below, provided the party seeking such performance is not in material breach of its obligations.

5.2 Termination of Accreditation Agreement by Registrar. This Accreditation Agreement may be terminated before its expiration by Registrar by giving NeuStar thirty (30) days written notice. Upon such termination by Registrar, Registrar shall not be entitled to any refund of fees paid to NeuStar pursuant to this Accreditation Agreement.

5.3 Termination of Accreditation Agreement by NeuStar. This Accreditation Agreement may be terminated before its expiration by NeuStar in any of the following circumstances:

- 5.3.1 There was a material misrepresentation, material inaccuracy, or materially misleading statement in Registrar's application for accreditation or any material accompanying the application.
- 5.3.2 Registrar:
 - 5.3.2.1 is convicted by a court of competent jurisdiction of a felony or other serious offense related to financial activities, or is judged by a court of competent jurisdiction to have committed fraud or breach of fiduciary duty, or is the subject of a judicial determination that NeuStar reasonably deems as the substantive equivalent of those offenses; or
 - 5.3.2.2 is disciplined by the government of its domicile for conduct involving dishonesty or misuse of funds of others.
- 5.3.3 Any officer or director of Registrar is convicted of a felony or of a misdemeanor related to financial activities, or is judged by a court to have committed fraud or breach of fiduciary duty, or is the subject of a judicial determination that NeuStar deems as the substantive equivalent of any of these; provided, such officer or director is not removed in such circumstances.
- 5.3.4 Registrar fails to cure any breach of this Accreditation Agreement within fifteen (15) business days after NeuStar gives Registrar notice of the breach.

- 5.3.5 Registrar fails to comply with a ruling granting specific performance under Subsections 5.1 and 5.5.
- 5.3.6 Registrar continues acting in a manner that NeuStar has reasonably determined endangers the stability or operational integrity of the Internet or the Registry System after receiving three (3) days notice of that determination.
- 5.3.7 Registrar is adjudged insolvent or bankrupt, or if proceedings are instituted by or against Registrar seeking relief, reorganization or arrangement under any laws relating to insolvency or bankruptcy, or seeking any assignment for the benefit of creditors, or seeking the appointment of a receiver, liquidator or trustee of Registrar's property or assets or the liquidation, dissolution or winding up of Registrar's business..

5.4 Term of Accreditation Agreement; Renewal; Right to Substitute Updated Accreditation Agreement. This Accreditation Agreement shall be effective on the Effective Date and shall have an initial term running until the Expiration Date, unless sooner terminated. Thereafter, if Registrar seeks to continue its accreditation, it may apply for renewed accreditation, and shall be entitled to renewal provided it meets the NeuStar-adopted specification or policy on accreditation criteria then in effect, is in compliance with its obligations under this Accreditation Agreement, as it may be amended, and agrees to be bound by terms and conditions of the then-current Registrar accreditation agreement (which may differ from those of this Accreditation Agreement) that NeuStar adopts in accordance with Subsection 2.3 and Subsection 4.2. In connection with renewed accreditation, Registrar shall confirm its assent to the terms and conditions of the then-current Registrar accreditation agreement by signing that accreditation agreement. In the event that, during the Term of this Accreditation Agreement, NeuStar posts on its web site an updated form of registrar accreditation agreement applicable to Accredited registrars, Registrar (provided it has not received (1) a notice of breach that it has not cured or (2) a notice of termination of this Accreditation Agreement under Subsection 5.3 above) may elect, by giving NeuStar written notice, to enter an agreement in the updated form in place of this Accreditation Agreement. In the event of such election, Registrar and NeuStar shall promptly sign a new accreditation agreement that contains the provisions of the updated form posted on the web site, with the length of the term of the substituted agreement as stated in the updated form posted on the web site, calculated as if it commenced on the date this Accreditation Agreement was made, and this Accreditation Agreement will be deemed terminated.

5.5 Addition or Deletion of second-level domains for Which Registrar Accredited. On the Effective Date, Registrar shall be accredited according to Subsection 2.1 for the generic .us top-level domain. Such accreditation does not include the right to register domain names in those second-level domains that have been reserved by NeuStar and may in the future be open for registration. Each second-level domain as to which an appendix executed by both parties is attached to this Agreement. During the Term of this Agreement, Registrar may request accreditation for any additional second-level domain(s) by signing an additional appendix for each additional second-level domain in the form prescribed by NeuStar and submitting the appendix to NeuStar. In the event NeuStar agrees to the request, NeuStar will sign the additional appendix and return a copy of it to Registrar. The mutually signed appendix shall thereafter be an appendix to this Agreement. During the Term of this Agreement, Registrar may abandon its accreditation for any second-level domain under this Agreement (provided that

Registrar will thereafter remain accredited for the .us top-level domain or at least one second-level domain under this Agreement) by giving NeuStar written notice specifying the second level domain (or .us top-level domain) as to which accreditation is being abandoned. The abandonment shall be effective thirty (30) days after the notice is given.

5.6 Resolution of Disputes Under this Accreditation Agreement; Governing Law. Disputes arising under or in connection with this Accreditation Agreement, including (1) disputes arising from NeuStar's failure to renew Registrar's accreditation and (2) requests for specific performance, shall be resolved in a court of competent jurisdiction or, at the election of either party, by an arbitration conducted as provided in this Subsection 5.5 pursuant to the Arbitration Rules of the American Arbitration Association ("AAA"). The arbitration shall be conducted in English and shall occur in Washington, D.C., USA. There shall be three (3) arbitrators: each party shall choose one arbitrator; if those two arbitrators do not agree on a third arbitrator within fifteen (15) calendar days of the designation of the second arbitrator, the AAA shall choose the third. The parties shall bear the costs of the arbitration in equal shares, subject to the right of the arbitrators to reallocate the costs in their award as provided in the AAA rules. The parties shall bear their own attorneys' fees in connection with the arbitration, and the arbitrators may not reallocate the attorneys' fees in conjunction with their award. The arbitrators shall render their decision within ninety (90) days of the of the selection of the third arbitrator. In the event Registrar initiates arbitration to contest the appropriateness of termination of this Accreditation Agreement by NeuStar, Registrar may at the same time request that the arbitration panel stay the termination until the arbitration decision is rendered, and that request shall have the effect of staying the termination until the arbitration panel has granted a NeuStar request for specific performance and Registrar has failed to comply with such ruling. In all litigation involving NeuStar concerning this Accreditation Agreement (whether in a case where arbitration has not been elected or to enforce an arbitration award), jurisdiction and exclusive venue for such litigation shall be in a court located in the Eastern District of the Commonwealth of Virginia, USA; however, the parties shall also have the right to enforce a judgment of such a court in any court of competent jurisdiction. For the purpose of aiding the arbitration and/or preserving the rights of the parties during the pendency of an arbitration, the parties shall have the right to seek temporary or preliminary injunctive relief from the arbitration panel or in a court located in the Eastern District of the Commonwealth of Virginia, USA, which shall not be a waiver of this arbitration agreement. This Accreditation Agreement shall be construed in accordance with and governed by the laws of the Commonwealth of Virginia (without regard to any rules or principles of conflicts of law that might look to any jurisdiction outside Virginia).

5.7 Limitations on Monetary Remedies for Violations of this Accreditation Agreement. NeuStar's aggregate monetary liability for violations of this Accreditation Agreement shall not exceed the amount of accreditation fees paid by Registrar to NeuStar under Subsection 3.9 of this Accreditation Agreement. Registrar's monetary liability to NeuStar for violations of this Accreditation Agreement shall be limited to the aggregate amount of accreditation fees previously paid plus those then owing to NeuStar under this Accreditation Agreement. **IN NO EVENT SHALL EITHER PARTY BE LIABLE FOR SPECIAL, INDIRECT, INCIDENTAL, PUNITIVE, EXEMPLARY, OR CONSEQUENTIAL DAMAGES FOR ANY VIOLATION OF THIS ACCREDITATION AGREEMENT.**

5.8 Assignment. Either party may assign or transfer this Accreditation Agreement only with the prior written consent of the other party, which shall not be unreasonably withheld, except that NeuStar may, with the written approval of the U.S. Department of Commerce, assign this agreement by giving Registrar written notice of the assignment.

5.9 No Third-Party Beneficiaries. This Accreditation Agreement shall not be construed to create any obligation by either NeuStar or Registrar to any non-party to this Accreditation Agreement, including any Registrant.

5.10 Notices, Designations, and Specifications. Any notice or other communication required or permitted to be delivered to any party under this Accreditation Agreement shall be in writing and shall be deemed properly delivered, given and received when delivered by hand, by registered mail (return receipt requested), by courier or express delivery service, by e-mail (against receipt of confirmation of delivery) or by telecopier (against receipt of answerback confirming delivery) during business hours to the address or telecopier number set forth beneath the name of such party below or when delivery as described above is refused by the intended recipient, unless such party has given a notice of a change of address in writing pursuant to the foregoing. Notwithstanding the foregoing, notice shall be deemed properly given from NeuStar to Registrar at such time as NeuStar posts any notice, update, modification or other information on its U.S. website, so long as such notice, update, modification or other information is intended for all accredited registrars generally (e.g., adoption of a new UsTLD Policy).

5.11 Dates and Times. All dates and times relevant to this Accreditation Agreement or its performance shall be computed based on the date and time observed in Washington, D.C., USA.

5.12 Language. All notices, designations, and specifications made under this Accreditation Agreement shall be in the English language.

5.13 Amendments and Waivers. No amendment, supplement, or modification of this Accreditation Agreement or any provision hereof shall be binding unless executed in writing by both parties. No waiver of any provision of this Accreditation Agreement shall be binding unless evidenced by a writing signed by the party waiving compliance with such provision. No waiver of any of the provisions of this Accreditation Agreement shall be deemed or shall constitute a waiver of any other provision hereof, nor shall any such waiver constitute a continuing waiver unless otherwise expressly provided.

5.14 Counterparts. This Accreditation Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

5.15 Entire Accreditation Agreement. Except to the extent (a) expressly provided in a written agreement executed by both parties concurrently herewith or (b) of written assurances provided by Registrar to NeuStar in connection with its Accreditation, this Accreditation Agreement constitutes the entire agreement of the parties pertaining to the accreditation of Registrar and supersedes all prior agreements, understandings, negotiations and discussions, whether oral or written, between the parties on that subject.

5.16 Construction; Severability. The parties agree that any rule of construction to the effect that ambiguities are to be resolved against the drafting party shall not be applied in the construction or interpretation of this Accreditation Agreement. Unless otherwise stated in this Accreditation Agreement, references to a number of days shall mean consecutive calendar days. In the event that any clause or portion thereof in this Accreditation Agreement is for any reason held to be invalid, illegal or unenforceable, the same shall not affect any other portion of this Accreditation Agreement, as it is the intent of the parties that this Accreditation Agreement shall be construed in such fashion as to maintain its existence, validity and enforceability to the greatest extent possible. In any such event, this Accreditation Agreement shall be construed as if such clause or portion thereof had never been contained in this Accreditation Agreement, and there shall be deemed substituted therefor such provision as will most nearly carry out the intent of the

parties as expressed in this Accreditation Agreement to the fullest extent permitted by applicable law.

IN WITNESS WHEREOF, the parties hereto have caused this Accreditation Agreement to be executed in duplicate by their duly authorized representatives.

.KIDS.US APPENDIX

NeuStar, Inc. ("Registry"), a Delaware Corporation and [Registrar Name], a [organization type and jurisdiction] ("Registrar") have entered into a usTLD Registrar Accreditation Agreement ("Registrar Accreditation Agreement"), of which this appendix (" .KIDS.US Appendix") is a part.

Registrar wishes to be accredited in the .KIDS.US second-level domain pursuant to and subject to the Registrar Accreditation Agreement and Registry wishes to accredit Registrar in the .KIDS.US second level domain. Pursuant to and subject to the Registrar Accreditation Agreement, Registrar and Registry hereby agree as follows:

1. Definitions. All initially capitalized terms not otherwise defined herein shall have the definitions assigned to such terms in the Registrar Accreditation Agreement.
2. Registrar Election. Registrar hereby elects and agrees to become accredited by NEUSTAR to provide Registration Services in the .KIDS.US second-level domain.
3. Registry's Acceptance. Registry hereby accepts Registrar's election to become accredited by Registry to provide Registrar Services in the .KIDS.US second-level domain.
4. Data Submission. Pursuant to Subsection 3.2.1, as part of its registration for a KIDS.US second-level domain during the Sunrise Process (as defined in the Kids.us usTLD Administrator Registrar Agreement), Registrar shall submit to, or shall place in the Registry Database operated by the Registry, data elements Registry requires be submitted to it.
5. Kids.us Delegated Authority. Registrar acknowledges that Registry has been delegated policy-formulation authority under its usTLD Agreement with the DoC. The scope of delegation includes topics that will affect the manner in which Registrar conducts its business of registering domain names in the .KIDS.US second-level domain. Registrar agrees to comply with the requirements established by the Registry within its delegated scope of policy-formulation authority.
6. Reservation of Rights for Registry. In addition to the grounds states in Subsection 3.7.7.12, Registry reserves the right to deny, cancel, transfer or otherwise make unavailable any registration that it deems necessary, in its sole discretion; (1) to protect the integrity and stability of the KIDS.US domain; (2) to comply with any applicable laws, government rules, policies or requirements, requests of law enforcement, in compliance with any dispute resolution process; (3) to avoid any liability, civil or criminal, on the part of KIDS.US, as well as its affiliates, subsidiaries, officers, directors, representatives, employees, and stockholders; (4) for violations of any agreement between Registry and any third party related to the KIDS.US domain; (5) to correct mistakes made by Registry with a domain name registration in the KIDS.US domain.

IN WITNESS WHEREOF, the parties hereto have caused this .KIDS.US Appendix to be executed by their duly authorized representatives.

AGREEMENT #2

usTLD ADMINISTRATOR-REGISTRAR AGREEMENT

This usTLD Administrator-Registrar Agreement is made and effective as of _____, 200____, by and between NeuStar, Inc., a Delaware corporation, with its principal place of business located at 46000 Center Oak Plaza, Sterling, VA 20166 (“usTLD Administrator”), and _____ [Registrar’s name], a _____ [jurisdiction and type of organization], with its principal place of business located at - _____ [Registrar’s location] (“Registrar”).

WHEREAS, usTLD Administrator has been appointed to be the administrator of the usTLD by the U.S. Department of Commerce (“DoC”) to operate a shared registration system, TLD nameservers, and other equipment for the “.us” top-level domain;

WHEREAS, multiple registrars will provide Internet domain name registration services within the .us top-level domain pursuant to usTLD Administrator-Registrar Agreements substantially similar to this Agreement;

WHEREAS, The Registrar wishes to act as a registrar for domain names within the .us top-level domain.

NOW, THEREFORE, for and in consideration of the mutual promises, benefits and covenants contained herein and for other good and valuable consideration, the receipt, adequacy and sufficiency of which are hereby acknowledged, usTLD Administrator and Registrar, intending to be legally bound, hereby agree as follows:

1. DEFINITIONS

- 1.1. “Agreement” means this usTLD Administrator-Registrar Agreement between usTLD Administrator and Registrar, as such may be amended from time to time in the future.
- 1.2. The “APIs” are the application program interfaces by which Registrar may interact, through the EPP, with the usTLD System.
- 1.3. “ccTLD Agreement” means the agreement on ccTLDs effective _____, 2001, entered into by and between the Internet Corporation for Assigned Names and Numbers and usTLD Administrator.
- 1.4. “Confidential Information” means all information and materials, including, without limitation, computer software, data, information, databases, protocols, reference implementation and documentation, and functional and interface specifications provided by one party to this Agreement (the “Disclosing Party”) to the other party (the “Receiving Party”) and marked or otherwise identified as “confidential”, provided that if a communication is oral, the Disclosing Party will notify the Receiving Party in writing within fifteen (15) days of the disclosure of

the confidential nature of such information.

- 1.5. “DNS” means the Internet domain name system.
- 1.6. The “Effective Date” shall be the date first set forth above.
- 1.7. “Expanded usTLD” means those portions of the usTLD domain space not originally defined in, and/or implemented and maintained under, IETF RFC 1480 (“RFC 1480”), as amended or superseded by any previous or the current usTLD Administrator.
- 1.8. “Personal Data” refers to data about any identified or identifiable natural person.
- 1.9. “Registered Name” refers to a domain name within the domain of the Expanded usTLD, about which usTLD Administrator or an affiliate engaged in providing usTLD Services maintains data in a usTLD Database, arranges for such maintenance, or derives revenue from such maintenance. For purposes of this Agreement, “Registered Name” shall not include domain names registered or maintained pursuant to the locality-based structure defined in RFC 1480, as amended or superseded by previous or the current usTLD Administrator.
- 1.10. “Registrant” means the holder of a Registered Name.
- 1.11. The word “Registrar” when appearing with an initial capital letter, refers to [Registrar Name], a party to this Agreement.
- 1.12. The word “registrar” when appearing without an initial capital letter, refers to an entity that contracts with Registrants and with the usTLD Administrator to provide domain name registration services and collects registration data about the Registrants and submits registration information for entry in the usTLD Database and is party to an Accreditation Agreement with usTLD Administrator.
- 1.13. “Registrar Services” means services provided by a registrar in connection with the usTLD under this Agreement, and includes contracting with Registrants, collecting registration data about the Registrants, and submitting registration information for entry in the usTLD Database.
- 1.14. “Registrar Tool Kit” shall mean the Tool Kit described in Exhibit A.
- 1.15. “Term” means the term of this Agreement, as set forth in Subsection 8.1.
- 1.16. A “TLD” means a top-level domain of the DNS.
- 1.17. In order to have the required “U.S. Nexus”, a Registrant must be: (a) a natural person (i) who is a citizen or permanent resident of the United States of America or any of its possessions or territories, or (ii) whose primary place of domicile is in the United States of America or any of its possessions, or (b) an entity or organization that is (i) incorporated within one of the fifty (50) U.S. states, the

District of Columbia, or any of the United States possessions or territories or (ii) organized or otherwise constituted under the laws of a state of the United States of America, the District of Columbia or any of its possessions or territories, or (c) an entity or organization (including a federal, state, or local government of the United States, or a political subdivision thereof) that has a bona fide presence in the United States of America or any of its possessions or territories.

- 1.18. “usTLD” means the .us TLD.
- 1.19. “usTLD Agreement” means the usTLD Agreement by and between usTLD Administrator and the DoC dated October 26, 2001 (Order No. SB1335-02-W-0175), for the administration and operation of the usTLD.
- 1.20. “usTLD Database” means a database comprised of data about one or more DNS domain names within the domain of the usTLD that is used to generate either DNS resource records that are published authoritatively or responses to domain-name availability lookup requests or Whois queries, for some or all of those names.
- 1.21. “usTLD Policy Council” shall mean the United States Policy Council established by the usTLD Administrator under the usTLD Agreement.
- 1.22. “usTLD Services” means services provided as an integral part of the operation of the usTLD.
- 1.23. “usTLD System” means the registry system operated by usTLD Administrator for Registered Names in the usTLD.
- 1.24. “EPP” means the extensible provisioning protocol used by the usTLD System.

Other terms used in this Agreement as defined terms shall have the meanings ascribed to them in the context in which they are defined.

2. OBLIGATIONS OF USTLD ADMINISTRATOR

- 2.1. **Access to usTLD System.** Throughout the Term of this Agreement, usTLD Administrator shall provide Registrar with access as a registrar to the usTLD System. Nothing in this Agreement entitles Registrar to enforce any agreement between usTLD Administrator and DoC, and Registrar shall not be deemed to be a third-party beneficiary to any Agreement between the usTLD Administrator and the DoC.
- 2.2. **Maintenance of Registrations Sponsored by Registrar.** Subject to the provisions of this Agreement, and requirements under the usTLD Agreement, usTLD Administrator shall maintain the registrations of Registered Names sponsored by Registrar in the usTLD System so long as Registrar has paid the Fees required by Subsection 4.1 below and this Agreement remains in effect.

2.3. **Provision of Tool Kits; Limited License.**

2.3.1. **Registrar Tool Kit.** No later than five (5) business days after the Effective Date, usTLD Administrator shall provide to Registrar a copy of the Registrar Tool Kit, which shall provide sufficient technical specifications to permit Registrar to interface with the usTLD System and employ its features that are available to registrars, provided that, if the Effective Date occurs prior to the date that usTLD Administrator has made the usTLD Tool Kit available to .us registrars generally (“Availability Date”), usTLD Administrator shall provide to Registrar a copy of the usTLD Tool Kit, no later than five (5) business days after the Availability Date. Subject to the terms and conditions of this Agreement, usTLD Administrator hereby grants Registrar and Registrar accepts a non-exclusive, non-transferable, worldwide limited license to use for the Term and purposes of this Agreement, all components owned by or licensed to usTLD Administrator in and to the RRP, APIs, any reference client software and any other intellectual property included in the Registrar Tool Kit, as well as updates and redesigns thereof, to provide domain name registration services in the usTLD only and for no other purpose.

2.3.2. **Limited License.** Subject to the terms and conditions of this Agreement, including without limitation Registrar’s timely payment of all Fees, usTLD Administrator hereby grants Registrar and Registrar accepts a non-exclusive, non-transferable, worldwide limited license to use for the Term and purposes of this Agreement the EPP, APIs and any reference client software included in the Registrar Tool Kits, as well as any updates and redesigns thereof, for providing domain name Registrar Services in the usTLD only and for no other purpose.

2.4. **Changes to usTLD System.** usTLD Administrator may, in its discretion from time to time make modifications to the EPP, APIs, or other software or materials licensed hereunder that will modify, revise or augment the features of the usTLD System. usTLD Administrator will use commercially reasonable efforts to provide Registrar with at least sixty (60) days notice prior to the implementation of any material changes to the EPP, APIs or software licensed hereunder. usTLD Administrator shall have no obligation under this Agreement to update, modify, maintain, or repair any EPP, APIs, or other software materials (or any updates or redesigns thereto) licensed under this Agreement to Registrar.

2.5. **Engineering and Customer Service Support; Performance Specifications.** usTLD Administrator shall provide Registrar with engineering and customer service support as set forth in Exhibit B.

2.6. **Handling of Personal Data.** usTLD Administrator shall notify Registrar of the purposes for which Personal Data submitted to usTLD Administrator by Registrar is collected, the intended recipients (or categories of recipients) of such Personal Data, and the mechanism for access to and correction of such Personal Data.

usTLD Administrator shall take commercially reasonable steps to protect Personal Data from loss, misuse, unauthorized disclosure, alteration or destruction.

- 2.7. **DoC/usTLD Administrator Requirements.** usTLD Administrator's obligations hereunder are subject to modification at any time as the result of DoC-mandated requirements and NeuStar policies developed by usTLD Administrator from time to time. Notwithstanding anything in this Agreement to the contrary, Registrar shall comply with any such requirements or policies in accordance with the stated timelines.

3. OBLIGATIONS OF REGISTRAR

- 3.1. **Accredited Registrar.** On or prior to the Effective Date of this Agreement, Registrar shall enter into an accreditation agreement with usTLD Administrator (“Accreditation Agreement”), the form of which is attached hereto as Exhibit C, and during the Term of this Agreement, Registrar shall maintain in full force and effect its accreditation by usTLD Administrator as a registrar for the usTLD.
- 3.2. **Registrar Responsibility for Customer Support; Participation in Marketing Campaigns/Community Outreach Programs.** As provided for in the Accreditation Agreement, Registrar shall provide (i) Registrar Services and support to accept and process orders for Registered Names from proposed Registrants and (ii) customer service (including domain name record support) and billing and technical support to Registrants. In addition, Registrar will use commercially reasonable efforts to market, either directly or through authorized resellers, Registered Names to potential Registrants and to solicit such potential customers to register for Registered Names, and Registrar will reasonably cooperate with usTLD Administrator in marketing campaigns or community outreach programs that usTLD Administrator may commence from time to time.
- 3.3. **Registrar’s Registration Agreement; U.S. Nexus Requirements.** At all times during the Term of this Agreement while it is sponsoring the registration of any Registered Name within the usTLD System, Registrar shall have in effect an electronic or paper registration agreement with each Registrant (a “Registration Agreement”). Registrar shall, if so requested by usTLD Administrator from time to time, promptly furnish to usTLD Administrator a copy of each general form of Registration Agreement it uses with Registrants. Registrar shall include in each Registration Agreement those terms specifically required by this Agreement and the Accreditation Agreement and other terms that are consistent with Registrar’s obligations to usTLD Administrator under this Agreement and the Accreditation Agreement and that will ensure ongoing compliance with both such agreements. Without limiting the foregoing, the Registration Agreement shall require each Registrant to certify, that it has, and shall continue to have, a lawful bona fide U.S. Nexus in order to qualify to register and maintain its use of a Registered Name.

- 3.4. **Indemnification Required of Registrants.** In its Registration Agreement with each Registrant, Registrar shall require such Registrant to indemnify, defend and hold harmless usTLD Administrator, and its directors, officers, employees, representatives, agents, affiliates, and stockholders from and against any and all claims, suits, actions, other proceedings, damages, liabilities, costs and expenses of any kind, including without limitation reasonable legal fees and expenses, arising out of or relating to the Registrant's (i) domain name registration and (ii) use of any Registered Name. Each Registration Agreement shall further require that this indemnification obligation survive the termination or expiration of the Registration Agreement.
- 3.5. **Data Submission Requirements.** As part of its registration and sponsorship of Registered Names in the usTLD, Registrar shall submit complete data (and update such data) as required by technical specifications of the usTLD System that are made available to Registrar from time to time and of the Accreditation Agreement. Registrar hereby grants usTLD Administrator a non-exclusive, non-transferable, limited license to such data for propagation of and the provision of authorized access to the TLD zone files and as otherwise required in usTLD Administrator's operation of the usTLD.
- 3.6. **Security.** Registrar agrees to develop and employ in its domain name registration business all necessary technology and restrictions to ensure that its connection to the usTLD System is secure. All data exchanged between Registrar's system and the usTLD System shall be protected to avoid unintended disclosure of information. Registrar agrees to employ the necessary measures to prevent its access to the usTLD System granted hereunder from being used to (1) allow, enable, or otherwise support, the transmission by e-mail, telephone, or facsimile of mass unsolicited, commercial advertising or solicitations to entities other than its own existing customers; or (2) enable high volume, automated, electronic processes that send queries or data to the systems of usTLD Administrator, any other registry operated under an agreement with usTLD Administrator, or any other registrar, except as reasonably necessary to register domain names or modify existing registrations in compliance with this Agreement. In addition, usTLD Administrator may from time to time require other reasonable security provisions to ensure that the usTLD System is secure, and Registrar will comply with all such provisions.
- 3.7. **Resolution of Technical Problems.** Registrar agrees to employ necessary employees, contractors, or agents with sufficient technical training and experience to respond to and fix all technical problems concerning the use of the EPP and the APIs in conjunction with Registrar's systems. Registrar agrees that in the event of significant degradation of the usTLD System or other emergency, usTLD Administrator may, in its sole discretion, temporarily suspend access to the usTLD System. Such temporary suspensions shall be applied in a non-arbitrary manner and shall apply fairly to any registrar similarly situated, including any affiliates of usTLD Administrator that serve as registrars.

- 3.8. **Time of Entry of Domain Name Registration.** Registrar agrees that in the event of any dispute concerning the time of the entry of a domain name registration into the usTLD Database, the time shown in the usTLD System records shall control.
- 3.9. **Change in Registrar Sponsoring Domain Name.** Registrar may assume sponsorship of a Registrant's existing domain name registration from another registrar by following the policy set forth in Exhibit D. When transferring sponsorship of a Registered Name to or from another registrar, Registrar shall comply with the requirements of Exhibit D.
- 3.10. **Compliance with Terms and Conditions.** Registrar shall comply with, and shall include in each Registration Agreement all of the following:
- 3.10.1. Any DoC standards, policies, procedures, and practices for which usTLD Administrator has monitoring responsibility in accordance with the usTLD Agreement or other arrangement with DoC and/or ICANN, including without limitation ICANN policies pertaining to open county code TLDs (unless otherwise provided in the usTLD Agreement); and
- 3.10.2. Operational standards, policies, procedures, and practices for the usTLD as set forth in the usTLD Agreement, the ccTLD Agreement, and as established from time to time by usTLD Administrator in a non-arbitrary manner and applicable to all registrars generally, and consistent with DoC's standards, policies, procedures, and practices. Among usTLD Administrator's current operational standards, policies, procedures, and practices are those set forth in Exhibit E. Additional or revised usTLD Administrator operational standards, policies, procedures, and practices for the usTLD shall be effective upon thirty (30) days notice by usTLD Administrator to Registrar.
- 3.11. **Restrictions on Registered Names; Compliance with Law.** In addition to complying with DoC, policies, procedures, and practices limiting domain names that may be registered, Registrar agrees to comply with applicable statutes and regulations limiting the domain names that may be registered. Further, Registrar shall abide by applicable U.S. laws, governmental regulations, and policies that may be approved and/or mandated by the DoC.
- 3.12. **Resellers.** Registrar may, at its discretion from time to time, designate one or more resellers that will be permitted to provide Registrar Services consistent with those permitted of Registrar under this Agreement. Registrar shall enter into a written agreement with each of its resellers (a "Reseller Agreement"), which will ensure compliance with this Agreement and the Accreditation Agreement and include sufficient terms and conditions to obligate each reseller to abide by all terms and conditions and all Registrar obligations set forth in this Agreement and the Accreditation Agreement. Registrar shall be primarily liable for all acts or omissions of its resellers, and usTLD Administrator's obligations under this Agreement and the Accreditation Agreement shall not be increased due to

Registrar's appointment of resellers. Promptly following the end of each calendar year during the Term of this Agreement (but in no event later than January 30), Registrar shall provide to usTLD Administrator a complete written list of all of its current resellers. Further, in its Reseller Agreement with each reseller, Registrar shall require such reseller to indemnify, defend and hold harmless usTLD Administrator, and its directors, officers, employees, representatives, agents, affiliates, and stockholders from and against any and all claims, damages, liabilities, costs and expenses of any kind, including without limitation reasonable legal fees and expenses, arising out of or relating to any activities of such reseller. Each such Reseller Agreement shall further require that this indemnification obligation survive the termination or expiration of that agreement.

4. FEES

- 4.1. **Amount of usTLD Administrator Fees.** Registrar agrees to pay usTLD Administrator the fees set forth in Exhibit F for initial and renewal registrations and other services provided by usTLD Administrator to Registrar (collectively, "Fees"). usTLD Administrator reserves the right to revise the Fees prospectively upon thirty (30) days notice to Registrar, provided that such adjustments are consistent with the usTLD Agreement.

Registrar further agrees that in the event that usTLD administrator implements a so-called "Sunrise" batch-based registration systems, Registrar shall not charge to registrants any fee for the submission of a domain name application or request for registration. Registrar agrees that the only fee allowable for the submission of a domain name request under such systems will be Registrar's standard registration fee charged to the ultimate holder of a Registered Name.

- 4.2. **Payment of usTLD Administrator Fees.** In advance of incurring Fees, Registrar shall establish a letter of credit, deposit account, or other credit facility accepted by usTLD Administrator, which acceptance will not be unreasonably withheld so long as payment is assured. All Fees are due immediately upon receipt of applications for initial and renewal registrations, or upon provision of other services provided by usTLD Administrator to Registrar. Payment shall be made via debit or draw down of the deposit account, letter of credit or other credit facility. usTLD Administrator shall provide monthly invoices to the Registrar.
- 4.3. **Non-Payment of Fees.** In the event Registrar has insufficient funds deposited or available through the letter of credit or credit facility with usTLD Administrator or otherwise fails to pay Fees when due, usTLD Administrator may do any or all of the following: (a) stop accepting new initial or renewal registrations from Registrar; (b) delete the domain names associated with any negative balance incurred from the usTLD Database; and (c) pursue any other remedy permitted under this Agreement or at law or in equity.

5. CONFIDENTIALITY AND INTELLECTUAL PROPERTY

- 5.1. **Use of Confidential Information.** During the Term of this Agreement, a Disclosing Party may be required (or elect) to disclose Confidential Information to the Receiving Party. Each party's use and disclosure of the Confidential Information shall be subject to the following terms and conditions:
- 5.1.1. The Receiving Party shall treat as strictly confidential, and use all reasonable efforts to preserve the secrecy and confidentiality of, all Confidential Information, including implementing reasonable physical security measures and operating procedures.
 - 5.1.2. The Receiving Party agrees that it will use any Confidential Information solely for the purpose of exercising its rights or performing its obligations under this Agreement and for no other purposes whatsoever.
 - 5.1.3. The Receiving Party shall make no disclosures whatsoever of any Confidential Information of the Disclosing Party to others; provided, however, that if the Receiving Party is a corporation, partnership, or other organization, disclosure is permitted to the Receiving Party's officers, employees, contractors and agents who have a demonstrable need to know such Confidential Information, provided the Receiving Party shall advise such personnel of the confidential nature of the Confidential Information and of the procedures required to maintain the confidentiality thereof, and shall require them to acknowledge in writing that they have read, understand, and agree to be individually bound by the confidentiality terms of this Agreement.
 - 5.1.4. The Receiving Party shall not modify or remove any confidentiality legends and/or copyright notices appearing on any Confidential Information.
 - 5.1.5. The Receiving Party agrees not to prepare, or claim any rights to, any derivative works based on the Confidential Information.
 - 5.1.6. Notwithstanding the foregoing, this Subsection 5.1 imposes no obligation upon the parties with respect to information that (a) is disclosed to a third party with the Disclosing Party's prior written approval; or (b) is or has entered the public domain through no fault of the Receiving Party; or (c) is known by the Receiving Party prior to the time of disclosure (as shown by documentary records to that effect); or (d) is independently developed by the Receiving Party without use of, or reference to, the Confidential Information; or (e) is made generally available by the Disclosing Party without restriction on disclosure; or (f) Receiving Party receives in good faith from a third party who is not, directly or indirectly, under an obligation of confidentiality to Disclosing Party with respect to same.
 - 5.1.7. In the event the Receiving Party is required by law, regulation or court

order to disclose any Confidential Information, Receiving Party will promptly notify Disclosing Party in writing prior to making any such disclosure in order to facilitate Disclosing Party seeking a protective order or other appropriate remedy from the proper authority, at the Disclosing Party's expense. Receiving Party agrees to cooperate with Disclosing Party in seeking such order or other remedy. Receiving Party further agrees that if Disclosing Party is not successful in precluding the requesting legal body from requiring the disclosure of the Confidential Information, it will furnish only that portion of the Confidential Information which is legally required.

- 5.1.8. The Receiving Party's duties under this Subsection 5.1 shall expire five (5) years after the expiration or termination of this Agreement, or earlier upon written agreement of the parties.

5.2. **Intellectual Property.**

- 5.2.1. All rights of the Registry and Registrar to Intellectual Property under this Agreement remain subject to Clause 8 of the Terms and Conditions – Simplified Acquisitions of the usTLD Agreement (“Clause 8”). In the event of any conflict between such Clause 8 and this Agreement, Clause 8 shall control. Each party will continue to independently own its intellectual property, including all patents, patent applications, copyrights, trademarks, trade names, service marks, know-how, trade secrets, proprietary processes, and software (not to include databases required to be submitted to the usTLD Administrator under this Agreement or the Accreditation Agreement). Nothing in this agreement shall confer any ownership right whatsoever to one party in the intellectual property of the other party. In addition, usTLD Administrator, or its suppliers and/or licensees, as the case may be, shall own all right, title and interest in and to the EPP, API's, Registrar Tool Kits, and any software incorporated into the usTLD System, or any component of any of the foregoing, as well as all intellectual property appurtenant thereto.
- 5.2.2. Subject only to the limited licenses set forth in Subsections 2.3.2, 3.5, and 5.1.2 above, and Clause 8, no commercial use rights or any licenses of any kind under or to any patent, patent application, copyright, trademark, trade name, service mark, know-how, trade secret, proprietary process, or software (not to include databases required to be submitted to the usTLD Administrator under this Agreement or the Accreditation Agreement) are granted by one party to the other party by this Agreement, or by virtue of any disclosure of any Confidential Information to a Receiving Party under this Agreement.

6. INDEMNITIES AND LIMITATION OF LIABILITY

- 6.1. **Indemnification.** Registrar, at its own expense and within thirty (30) days after presentation of a demand by usTLD Administrator under this Section, will indemnify, defend and hold harmless usTLD Administrator and its directors, officers, employees, representatives, agents, affiliates, and stockholders (along with usTLD Administrator, each an “Indemnified Person”), against any claim, suit, action, other proceeding of any kind (a “Claim”) brought against that Indemnified Person based on, arising from, or relating in any way to: (i) any product or service of Registrar; (ii) any agreement, including Registrar’s dispute policy, with any Registrant or reseller; or (iii) Registrar’s domain name registration business, including, but not limited to, Registrar’s advertising, domain name application process, systems and other processes, fees charged, billing practices and customer service, or any other business conducted by Registrar; provided, however, that in any such case: (a) usTLD Administrator or any other Indemnified Person provides Registrar with reasonable prior notice of any such Claim, and (b) upon Registrar’s written request, usTLD Administrator or any other Indemnified Person will provide to Registrar all available information and assistance reasonably necessary for Registrar to defend such Claim; provided further that Registrar reimburses usTLD Administrator and such other Indemnified Persons for their actual and reasonable costs incurred in connection with providing such information and assistance. Registrar will not enter into any settlement or compromise of any such indemnifiable Claim with respect to a particular Indemnified Person without the prior written consent of such Indemnified Person, which consent shall not be unreasonably withheld. Registrar will pay any and all costs, damages, liabilities, and expenses, including, but not limited to, reasonable attorneys’ fees and costs awarded against or otherwise incurred by usTLD Administrator and other Indemnified Persons in connection with or arising from any such indemnifiable Claim.
- 6.2. **Limitation of Liability.** EXCEPT WITH RESPECT TO REGISTRAR’S INDEMNIFICATION OBLIGATIONS SET FORTH ELSEWHERE IN THIS AGREEMENT, IN NO EVENT SHALL EITHER PARTY BE LIABLE FOR ANY SPECIAL, INDIRECT, INCIDENTAL, PUNITIVE, EXEMPLARY OR CONSEQUENTIAL DAMAGES FOR ANY VIOLATIONS OF, OR CAUSES OF ACTION RELATING TO OR ARISING FROM, THIS AGREEMENT, EVEN IF SUCH PARTY HAS BEEN INFORMED OF THE POSSIBILITY OF SUCH DAMAGES.
- 6.3. **Performance Credits.** In the event usTLD Administrator fails to meet the performance specifications set forth in Appendix G of this Agreement, usTLD Administrator shall provide a credit to Registrar in an amount equal to its proportionate share of applicable performance credits set forth in Exhibit H of this Agreement. Such performance credits shall constitute the sole and exclusive remedy available to Registrar with regard to usTLD Administrator’s failure to meet the performance specifications.

7. DISPUTE RESOLUTION

7.1. **Dispute Resolution; Governing Law.** Any and all disputes of any nature arising under or in connection with this Agreement, including requests for specific performance, shall be resolved through binding arbitration conducted as provided in this Section pursuant to the rules of the American Arbitration Association (“AAA”). The arbitration shall be conducted in the English language and shall occur in the District of Columbia, Washington, D.C., USA. There shall be three (3) arbitrators: each party shall choose one arbitrator, who together will select a third; if the two arbitrators are not able to agree on a third arbitrator within fifteen (15) calendar days of the designation of the second arbitrator, the AAA shall choose the third. The parties shall bear the costs of the arbitration in equal shares, subject to the right of the arbitrators to reallocate the costs in their award as provided in the AAA rules. The parties shall bear their own attorneys’ fees in connection with the arbitration, and the arbitrators may not reallocate the attorneys’ fees in conjunction with their award. The arbitrators shall render their decision within ninety (90) calendar days of the selection of the third arbitrator. Any litigation brought to enforce an arbitration award shall be brought in a Commonwealth or federal court in the Eastern District of the Commonwealth of Virginia, USA; however, the parties shall also have the right to enforce a judgment of such a court in any court of competent jurisdiction. For the purpose of aiding the arbitration and/or preserving the rights of a party during the pendency of an arbitration, each party shall have the right to seek temporary or preliminary injunctive relief from the arbitration panel or any court of competent jurisdiction located in the Eastern District of the Commonwealth of Virginia, USA, which shall not be a waiver of this arbitration agreement. This Agreement shall be construed in accordance with and governed by the laws of the Commonwealth of Virginia (without regard to any rules or principles of conflicts of law that might look to any jurisdiction outside Virginia).

8. TERM AND TERMINATION

8.1. **Term of the Agreement; Revisions.** The Term of this Agreement shall commence on the Effective Date and, unless earlier terminated in accordance with the provisions of this Agreement, shall expire on the last expiration of the usTLD Agreement. In the event that revisions to usTLD Administrator’s approved form of usTLD Administrator-Registrar Agreement (such as this one) are approved or adopted by DoC from time to time, Registrar will either execute an amendment substituting the revised agreement in place of this Agreement or, at its option exercised within thirty (30) days after receiving notice of such amendment, terminate this Agreement immediately by giving written notice to usTLD Administrator. In the event that usTLD Administrator does not receive such executed amendment or notice of termination from Registrar within such thirty (30) day period, Registrar shall be deemed to have accepted the provisions of such revised usTLD Administrator-Registrar Agreement, and as such, shall be bound by all the terms and conditions of such revised usTLD Administrator-Registrar Agreement. usTLD Administrator will use commercially reasonable efforts to

post such revised form of usTLD Administrator-Registrar Agreement on its US website at least thirty (30) days prior to its effective date.

8.2. **Termination.** This Agreement may be terminated as follows:

8.2.1. Termination For Cause. In the event that either party materially breaches any of its obligations under this Agreement and such breach is not substantially cured within thirty (30) calendar days after written notice thereof is given by the other party, then the non-breaching party may, by giving written notice thereof to the other party, terminate this Agreement as of the date specified in such notice of termination.

8.2.2. Termination at Option of Registrar. Registrar may terminate this Agreement at any time by giving usTLD Administrator thirty (30) days written notice of termination.

8.2.3. Termination Upon Loss of Registrar's Accreditation. This Agreement shall immediately terminate in the event Registrar's accreditation by usTLD Administrator is terminated or expires without renewal.

8.2.4. Termination in the Event of Termination of usTLD Agreement. This Agreement shall immediately terminate in the event the usTLD Agreement is terminated or expires without entry of a subsequent usTLD Agreement with DoC and this Agreement is not assigned under Subsection 9.1.1 below.

8.2.5. Termination in the Event of Insolvency or Bankruptcy. This Agreement will automatically and immediately terminate if the Registrar is adjudged insolvent or bankrupt, or if proceedings are instituted by or against Registrar seeking relief, reorganization or arrangement under any laws relating to insolvency or bankruptcy, or seeking any assignment for the benefit of creditors, or seeking the appointment of a receiver, liquidator or trustee of Registrar's property or assets or the liquidation, dissolution or winding up of Registrar's business.

8.3. **Effect of Termination.** Upon the expiration or termination of this Agreement for any reason:

8.3.1. usTLD Administrator will complete the registration of all domain names processed by Registrar prior to the effective date of such expiration or termination, provided that all Registrar's payments to usTLD Administrator for Fees are current and timely.

8.3.2. Registrar shall immediately transfer its sponsorship of Registered Names to another registrar in compliance with any procedures established or approved by usTLD Administrator.

8.3.3. All Confidential Information in the possession of the Receiving Party shall

be immediately returned to the Disclosing Party.

8.3.4. All Fees and any other amounts owing to usTLD Administrator shall become immediately due and payable.

8.4. **Survival.** In the event of termination of this Agreement, the following shall survive: (i) Subsections 2.6, 3.5, 5.1, 5.2, 6.1, 6.2, 7.1, 8.3.3, 8.3.4, 8.4, 9.2, 9.3.3, 9.5, 9.6, 9.8, 9.9, 9.10, 9.11 and 9.13 and (ii) the indemnification obligations of (a) Registrants under Subsection 3.4 and (b) resellers under Subsection 3.12. Neither party shall be liable to the other for damages of any sort resulting solely from terminating this Agreement in accordance with its terms.

9. MISCELLANEOUS

9.1. Assignments.

9.1.1. Assignment to Successor usTLD Administrator. In the event the usTLD Agreement is terminated (and such termination is deemed final under the usTLD Agreement) or expires without entry by usTLD Administrator and DoC of a subsequent registry agreement, usTLD Administrator's rights under this Agreement may be assigned to an entity with a subsequent registry agreement covering the usTLD upon DoC's giving Registrar written notice within sixty (60) days of the termination or expiration, provided that the subsequent usTLD Administrator assumes all or substantially all of the duties of usTLD Administrator under this Agreement.

9.1.2. Assignment in Connection with Assignment of usTLD Agreement with DoC. In the event that the usTLD Agreement for the usTLD is validly assigned, usTLD Administrator's rights under this Agreement shall be automatically assigned to the assignee of the usTLD Agreement, provided that the assignee assumes all or substantially all of the duties of usTLD Administrator under this Agreement.

9.1.3. Other Assignments. Except as otherwise expressly provided in this Agreement, the provisions of this Agreement shall inure to the benefit of and be binding upon, the successors and permitted assigns of the parties. Neither party shall assign or transfer its rights or obligations under this Agreement without the prior written consent of the other party, which shall not be unreasonably withheld; provided, however, that usTLD Administrator shall have the right to assign all its rights and delegate all its duties under this Agreement to an affiliated organization without such consent.

9.2. **Notices.** Any notice or other communication required or permitted to be delivered to any party under this Agreement shall be in writing and shall be deemed properly delivered, given and received when delivered by hand, by registered mail (return receipt requested), by courier or express delivery service, by e-mail

(against receipt of confirmation of delivery) or by telecopier (against receipt of answerback confirming delivery) during business hours to the address or telecopier number, or e-mail address set forth beneath the name of such party below or when delivery as described above is refused by the intended recipient, unless such party has given a notice of a change of address in writing pursuant to the foregoing. Notwithstanding the foregoing, notice shall be deemed properly given from usTLD Administrator to Registrar at such time as usTLD Administrator posts any notice, update, modification or other information on its U.S. website, so long as such notice, update, modification or other information is intended for all registrars generally (e.g., DoC-mandated revisions to the form usTLD Administrator-Registrar Agreement).

9.3. **Representations and Warranties.**

- 9.3.1. Registrar. Registrar represents and warrants that: (1) it is an organization (e.g., corporation, partnership, limited liability company, government agency) duly formed, validly existing and in good standing under the laws of the _____, (2) it has all requisite power and authority to execute, deliver and perform its obligations under this Agreement, (3) it is, and during the Term of this Agreement will continue to be, accredited by usTLD Administrator, (4) the execution, performance and delivery of this Agreement has been duly authorized by Registrar, (5) no further approval, authorization or consent of any governmental or regulatory authority is required to be obtained or made by Registrar in order for it to enter into and perform all its obligations under this Agreement.
- 9.3.2. usTLD Administrator. usTLD Administrator represents and warrants that: (1) it is a corporation duly incorporated, validly existing and in good standing under the laws of the State of Delaware, (2) it has all requisite corporate power and authority to execute, deliver and perform its obligations under this Agreement, (3) the execution, performance and delivery of this Agreement has been duly authorized by usTLD Administrator, and (4) no further approval, authorization or consent of any governmental or regulatory authority is required to be obtained or made by usTLD Administrator in order for it to enter into and perform all its obligations under this Agreement.
- 9.3.3. Disclaimer of Warranties. THE EPP, APIs, REGISTRAR TOOLKIT, usTLD SYSTEM AND ANY COMPONENT THEREOF ARE PROVIDED “AS-IS” AND WITHOUT ANY WARRANTY OF ANY KIND. usTLD OPERATOR EXPRESSLY DISCLAIMS ALL WARRANTIES AND/OR CONDITIONS, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES AND CONDITIONS OF MERCHANTABILITY OR SATISFACTORY QUALITY AND FITNESS FOR A PARTICULAR PURPOSE AND NONINFRINGEMENT OF THIRD PARTY RIGHTS. usTLD OPERATOR DOES NOT WARRANT THAT THE EPP, APIs, REGISTRAR TOOLKIT, usTLD SYSTEM OR ANY COMPONENT THEREOF WILL MEET REGISTRAR’S REQUIREMENTS, OR THAT THE OPERATION OF EPP, APIs, REGISTRAR TOOLKITS, THE usTLD SYSTEM OR ANY COMPONENT THEREOF WILL BE UNINTERRUPTED OR ERROR-FREE, OR THAT DEFECTS IN THE EPP, APIs, REGISTRAR TOOLKIT, usTLD SYSTEM OR ANY COMPONENT THEREOF WILL BE CORRECTED. FURTHERMORE, usTLD OPERATOR DOES NOT WARRANT NOR MAKE ANY REPRESENTATIONS REGARDING THE USE OR THE RESULTS OF THE EPP, APIs, REGISTRAR TOOLKITS, usTLD SYSTEM OR ANY COMPONENT THEREOF OR RELATED DOCUMENTATION IN TERMS OF THEIR CORRECTNESS, ACCURACY, RELIABILITY,

OR OTHERWISE. SHOULD THE EPP, APIs, REGISTRAR TOOLKIT, THE usTLD SYSTEM OR ANY COMPONENT THEREOF PROVE DEFECTIVE, REGISTRAR ASSUMES THE ENTIRE COST OF ALL NECESSARY SERVICING, REPAIR OR CORRECTION OF REGISTRAR'S OWN SYSTEMS AND SOFTWARE.

In the event of any conflict in this Agreement between this Subsection 9.3.3 and any other provision, this Subsection 9.3.3 will govern and control.

- 9.4. **Insurance.** During the Term of this Agreement (including any renewal terms), Registrar shall have in place US\$500,000 in comprehensive legal liability insurance from a reputable insurance provider with an A.M. Best rating of "A" or better, or an equivalent form of legal liability coverage. Such insurance or coverage shall be used to indemnify and hold harmless usTLD Administrator and its employees, directors, officers, representatives, agents, affiliates, and stockholders from all costs and damages (including without limitation reasonable attorneys' fees) which it may suffer by reason of Registrar's failure to indemnify usTLD Administrator as provided above; provided, however, that Registrar's indemnity obligations under this Agreement shall *not* deemed to be limited by the amount of such insurance. Registrar shall provide a copy of the insurance policy to usTLD Administrator upon usTLD Administrator's request and shall name usTLD Administrator and the other Indemnified Persons as additional insured parties under that policy.
- 9.5. **Third-Party Beneficiaries.** The parties expressly agree that DoC is an intended third-party beneficiary of this Agreement. Otherwise, this Agreement shall not be construed to create any obligation by either party to any non-party to this Agreement, including any Registrant or reseller. Registrar acknowledges that nothing in this Agreement shall confer upon Registrar or any person or entity the status of an intended third-party beneficiary of the usTLD Agreement.
- 9.6. **Relationship of the Parties.** Nothing in this Agreement shall be construed as creating an employer-employee or agency relationship, a partnership or a joint venture between the parties.
- 9.7. **Force Majeure.** Except for the non-payment of Fees, neither party shall be liable to the other for any loss or damage resulting from any cause beyond its reasonable control (a "Force Majeure Event") including, but not limited to, insurrection or civil disorder, war or military operations, national or local emergency, acts or omissions of government or other competent authority, compliance with any statutory obligation or executive order, industrial disputes of any kind (whether or not involving either party's employees), fire, lightning, explosion, flood, subsidence, weather of exceptional severity, equipment or facilities shortages which are being experienced by providers of telecommunications services generally, or other similar force beyond such Party's reasonable control, and acts or omissions of persons for whom neither party is responsible. Upon occurrence

of a Force Majeure Event and to the extent such occurrence interferes with either party's performance of this Agreement, such party shall be excused from performance of its obligations (other than payment obligations) during the first six (6) months of such interference, provided that such party uses commercially reasonable efforts to avoid or remove such causes of nonperformance as soon as possible.

- 9.8. **Amendments.** Except as otherwise provided herein, no amendment, supplement, or modification of this Agreement or any provision hereof shall be binding unless executed in writing by authorized signatories of both parties.
- 9.9. **Waivers.** No failure on the part of either party to exercise any power, right, privilege or remedy under this Agreement, and no delay on the part of either party in exercising any power, right, privilege or remedy under this Agreement, shall operate as a waiver of such power, right, privilege or remedy; and no single or partial exercise or waiver of any such power, right, privilege or remedy shall preclude any other or further exercise thereof or of any other power, right, privilege or remedy. Neither party shall be deemed to have waived any claim arising out of this Agreement, or any power, right, privilege or remedy under this Agreement, unless the waiver of such claim, power, right, privilege or remedy is expressly set forth in a written instrument duly executed and delivered on behalf of such party; and any such waiver shall not be applicable or have any effect except in the specific instance in which it is given.
- 9.10. **Attorneys' Fees.** Except as otherwise may be provided in Subsection 7.1 above, if any legal action or other legal proceeding (including arbitration) relating to the performance under this Agreement or the enforcement of any provision of this Agreement is brought against a party hereto, the prevailing party shall be entitled to recover reasonable attorneys' fees, costs and disbursements (in addition to any other relief to which the prevailing party may be entitled).
- 9.11. **Construction; Severability.** The parties agree that any rule of construction to the effect that ambiguities are to be resolved against the drafting party shall not be applied in the construction or interpretation of this Agreement. Unless otherwise stated in this Agreement, references to a number of days shall mean consecutive calendar days. In the event that any clause or portion thereof in this Agreement is for any reason held to be invalid, illegal or unenforceable, the same shall not affect any other portion of this Agreement, as it is the intent of the parties that this Agreement shall be construed in such fashion as to maintain its existence, validity and enforceability to the greatest extent possible. In any such event, this Agreement shall be construed as if such clause or portion thereof had never been contained in this Agreement, and there shall be deemed substituted therefore such provision as will most nearly carry out the intent of the parties as expressed in this Agreement to the fullest extent permitted by applicable law.
- 9.12. **Further Assurances.** Each party hereto shall execute and/or cause to be delivered to the other party hereto such instruments and other documents, and shall take

such other actions, as such other party may reasonably request for the purpose of carrying out or evidencing any of the transactions contemplated by this Agreement.

- 9.13. **Entire Agreement.** This Agreement (including its exhibits, which form a part of it) constitutes the entire agreement between the parties concerning the subject matter of this Agreement and supersedes any prior agreements, representations, statements, negotiations, understandings, proposals or undertakings, oral or written, with respect to the subject matter expressly set forth herein. In the event of any conflict between the terms of this usTLD Administrator-Registrar Agreement and the Accreditation Agreement, the usTLD Administrator-Registrar Agreement shall govern and control.
- 9.14. **Counterparts.** This Agreement may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the date first set forth above.

Exhibit A

REGISTRAR TOOL KIT

usTLD Administrator-Registrar Software Development Kit includes, but is not limited to the following:

- Reference client implementations:
 - Java
 - C++
- Interface definition: XML Schema
- usTLD Administrator Operational Profile (our extensions)
- Authentication and Encryption guidelines
- EPP test plan and coverage matrix
- Java, C++ and PERL API documentation

Exhibit B

ENGINEERING AND CUSTOMER SERVICE SUPPORT

During the Term of this Agreement, usTLD Administrator will provide reasonable telephone and electronic customer support to Registrar, not Registrants or prospective customers of Registrar, for non-technical issues solely relating to the usTLD System and its operation. usTLD Administrator will provide Registrar with a telephone number and e-mail address for such support during implementation of the EPP, APIs and any reference client software included in the Registrar Tool Kit. While e-mail and FAQs are the primary method of help, usTLD Administrator will provide support on a 7-day/24-hour basis. usTLD Administrator will provide a web-based customer service capability in the future and such web-based support will become the primary method of customer service support to Registrar at such time.

The usTLD Administrator provides a clear, concise and efficient delineation of customer support responsibilities. Registrars provide support to registrants (i.e., Registrants) and registries (like usTLD Administrator) provide support for registrars. This structure allows the usTLD Administrator to focus its support on the highly technical and administratively complex issues that arise between the usTLD Administrator and the Registrar and to focus on the system operations supporting the usTLD.

Technical Help Systems

usTLD Administrator will provide its registrars with the following types of technical support:

- Web-based self-help services, including:
 - Knowledge bases
 - Frequently asked questions
 - White papers
 - Downloads of EPP client software
 - Support for email messaging
- Telephone support from a central Help Desk
- Fee-based consulting services.

Web Portal

usTLD Administrator will implement a secure Web-based multimedia portal to help support registrar operations. To obtain access to these Web-based services, a registrar must register with the usTLD Administrator, and must have implemented our security features, including SSL encryption, log in with user ID and password, and digital certificates for authentication. The home page of the web portal will include a notice to registrars of planned outages for database maintenance or installation of software upgrades. usTLD Administrator will use commercially reasonable effort to post this notification at least thirty (30) days prior to the event in addition to active notification including phone calls and email. usTLD Administrator will also record outage

notifications in the help desk database to facilitate compliance with the performance specifications (Exhibit B-2). Finally, seven (7) days and again two (2) days prior to the scheduled event, usTLD Administrator will use both an email and a Web-based notification to remind registrars of the outage.

Non-affiliated registrars and the general Internet community may obtain generic information from usTLD Administrator's public website, which will describe the TLD service offerings and list of registrars, including Registrar, providing domain-name services.

Central Help Desk

In addition to implementing the website, usTLD Administrator will provide telephone support to registrars through a central Help Desk. Access to the help desk telephone support is through an automatic call distributor that routes each call to the next available customer support specialist. usTLD Administrator will authenticate callers by using caller ID and by requesting a pre-established pass phrase that is different for each registrar. Requests for assistance may also come to the Help Desk via email, either directly or via the secure website. The Help Desk's three tiers of support are:

Tier-1 Support. Telephone support to registrars who normally are calling for help with customer domain-name problems and such other issues such as EPP implementation or billing and collection. Problems that can't be resolved at Tier 1 are escalated to Tier 2.

Tier-2 Support. Support provided by members of the technical support team, who are functional experts in all aspects of domain-name registration. In addition to resolving escalated Tier 1 problems with EPP implementation and billing and collection, Tier 2 staff provides technical support in system tuning and workload processing.

Tier 3 Support. Complex problem resolution provided by on-site maintenance technicians, third party systems and software experts, and vendors, depending on the nature of the problem.

In turn, the Help Desk uses an automated software package to collect call statistics and record service requests and trouble tickets in a help desk database. The help desk database documents the status of requests and tickets. Each customer-support and technical support specialist uses this problem management process to respond to trouble tickets with a troubleshooting, diagnosis, and resolution procedure and a root-cause analysis.

Escalation Policy

usTLD Administrator's escalation policy defines procedures and timelines for elevating problems either to functional experts or to management for resolution if they are not resolved within the escalation-policy time limits. The following table is an overview of the escalation policy.

Level	Description	Escalation Policy	Notification
I	Catastrophic outage affecting overall registry operations	Data-center manager escalates to usTLD Administrator management and Disaster-Recovery Team if not resolved in 15 minutes	Web portal and e-mail notifications to all Registrars within 15 minutes; updates every 30 minutes
II	Systems outage affecting one or two registrar sessions but not the entire system	Systems engineer escalates to data-center manager if not resolved in one hour	Web-portal notification to all registrars; hourly updates
III	Technical questions	Help Desk customer-support specialist escalates to the systems engineer if not resolved in two hours	Hourly updates to registrar via e-mail
IV	Basic questions	Help Desk customer-support specialist escalates to the systems engineer if not resolved within four hours	Hourly updates to registrar via e-mail

Staffing

Initially, usTLD Administrator will staff its Help Desk with a complement of customer service specialists. usTLD Administrator will add staff as necessary to respond to incoming requests within the performance specification guidelines. Customer-service specialists will obtain assistance from usTLD Administrator's technical staff for any problems that cannot be resolved in one (1) phone call.

Test and Evaluation Facility

usTLD Administrator will establish an operational test-and-evaluation facility that will be available for Registrars to test their client EPP system. usTLD Administrator's technical-support team, which consists of functional experts in the processes and technologies for domain-name registration, will support the registrars' testing.

Once each new registrar is satisfied that its system is compatible with the usTLD System, it will schedule a formal acceptance test that will be monitored by usTLD Administrator's system engineer. After a registrar has passed the acceptance test, usTLD Administrator will issue its user id, passwords, and digital certificates, and the registrar can then begin operations.

Customer Satisfaction Survey

To determine the satisfaction of registrars with usTLD Services, usTLD Administrator will implement a Web-based customer-satisfaction survey that will consist of a set of survey questions with responses ranging from one to five on the Likert Scale. usTLD Administrator will tabulate the results and plans to publish them on the website periodically.

To further verify the quality of usTLD Administrator's customer services, usTLD Administrator anticipates commissioning a bi-annual customer-satisfaction survey by an independent third party.

Exhibit C

ACCREDITATION AGREEMENT

[Include Accreditation Agreement]

Exhibit D

POLICY ON TRANSFER OF SPONSORSHIP OF REGISTRATIONS BETWEEN REGISTRARS

A. Holder-Authorized Transfers

1. Registrar Requirements

The Registration Agreement between each registrar and its Registrant must allow for Registrants to transfer their domain name registrations between Registrars provided that the Gaining Registrar's transfer process meets the minimum standards of this policy. Inter-Registrar domain name transfer processes must be clear and concise in order to avoid confusion. Further, Registrars should inform Registrants of, and provide access to, the published documentation of the specific transfer process employed by the Registrars.

Both the Administrative Contact and the Registrant, as listed in the usTLD Administrator's publicly accessible WHOIS service are the only parties that have the authority to approve or deny a transfer request to the Gaining Registrar. In the event of a dispute, the Registrant's authority supersedes that of the Administrative Contact. For the purposes of this Exhibit, the Registrant and the Administrative Contact are collectively referred to as the "Registered Name Holder."

2. Gaining Registrar Requirements

For each instance where a Registered Name Holder requests to transfer a domain name registration to a different Registrar, the Gaining Registrar shall:

2.1 Obtain express authorization from Registered Name Holder including the standard form of authorization and the Registered Name Holder's unique "AuthInfo" code.

2.1.1 The authorization must be made via a valid Standardized Form of Authorization (FOA).

a) There are two different FOA's available on the usTLD Administrator's website. The FOA labeled "Initial Authorization for Registrar Transfer" must be used by the Gaining Registrar to request an authorization for a registrar transfer from the Registered Name Holder. The FOA labeled "Confirmation of Registrar Transfer Request" may be used by the Registrar of Record to request confirmation of the transfer from the Registered Name Holder. The FOA shall be communicated in English, and any dispute

arising out of a transfer request shall be conducted in the English language.

- b) In the event that the Gaining Registrar relies on a physical process to obtain this authorization, a paper copy of the FOA will suffice insofar as it has been signed by the Registered Name Holder.
- c) If the Gaining Registrar relies on a physical authorization process, then the Gaining Registrar assumes the burden of obtaining reliable evidence of the identity of the Registered Name Holder and maintaining appropriate records proving that such evidence was obtained. Further the Gaining Registrar also assumes the burden for ensuring that the entity making the request is indeed authorized to do so. The acceptable forms of physical identity are:
 - Notarized statement
 - Valid Drivers license
 - Passport
 - Articles of Incorporation
 - Military ID
 - State/Government issued ID
 - Birth Certificate
- d) In the event that the Gaining Registrar relies on an electronic process to obtain this authorization the acceptable forms of identity would include:
 - Electronic signature in conformance with United States legislation, in the location of the Gaining Registrar (if such legislation exists).
 - Consent from an individual or entity that has an email address matching the Registered Name Holder email address.
- e) The Registrar of Record may not deny a transfer request solely because it believes that the Gaining Registrar has not received the confirmation set forth above.
- f) A transfer must not be allowed to proceed if no confirmation is received by the Gaining Registrar. The presumption in all cases will be that the Gaining Registrar has received and authenticated the transfer request made by a Registered Name Holder.

2.1.2 Collection of unique “AuthInfo” code from Registered Name Holder.

- a) Registrars must provide all Registered Name Holders with their unique “AuthInfo” code within five (5) calendar days of the Registered Name Holder’s initial request if the Registrar does not provide facilities for the Registered Name Holder to generate and manage their own unique “AuthInfo” code.
- b) In addition, Registrars may not employ any mechanism for complying with a Registered Name Holder’s request to obtain the applicable “AuthInfo” code that is more restrictive than the mechanisms used for changing any aspect of the Registered Name Holder’s contact or name server information.
- c) The Registrar must not refuse to release an “AuthInfo” code to the Registered Name Holder solely because there is a dispute between the Registered Name Holder and the Registrar over payment.
- d) Registrar-generated “AuthInfo” codes must be unique on a per-domain basis. The “AuthInfo” codes must be used solely to identify a Registered Name Holder.

2.2 Request, by the transmission of a "transfer" command as specified in the Registrar Tool Kit, that the usTLD Administrator database be changed to reflect the new Registrar.

2.2.1 Transmission of a "transfer" command constitutes a representation on the part of the Gaining Registrar that the requisite authorization has been obtained from the Registered Name Holder listed in the authoritative Whois database.

2.2.2 The Gaining Registrar is responsible for validating the Registered Name Holder requests to transfer domain names between Registrars. However, this does not preclude the Registrar of Record from exercising its option to independently confirm the Registered Name Holder's intent to transfer its domain name to the Gaining Registrar in accordance with Section 3 of this policy.

3. Obligations of the Registrar of Record (also referred to as the “Losing Registrar”)

- 3.1 A Registrar of Record can choose independently to confirm the intent of the Registered Name Holder when a notice of a pending transfer is received from the Registry. The Registrar of Record must do so in a manner consistent with the standards set forth in this agreement pertaining to Gaining Registrars. In order to ensure that the form of the request employed by the Registrar of Record is substantially administrative and informative in nature and clearly provided to the Registered Name Holder for the purpose of verifying the intent of the Registered Name Holder, the Registrar of Record must use the FOA.
- 3.2 The FOA shall be communicated in English, and any dispute arising out of a transfer request, shall be conducted in the English language. This requirement does not preclude the Registrar of Record from marketing to its existing customers through separate communications.
- 3.3. The FOA should be sent by the Registrar of Record to the Registered Name Holder as soon as operationally possible, but must be sent not later than twenty-four (24) hours after receiving the transfer request from the usTLD Administrator.
- 3.4 Failure by the Registrar of Record to respond within five (5) calendar days to a notification from the Registry regarding a transfer request will result in a default "**approval**" of the transfer.
- 3.5 In the event that a Registered Name Holder listed in the Whois has not confirmed its request to transfer with the Registrar of Record and the Registrar of Record has not explicitly denied the transfer request, the default action will be that the Registrar of Record must allow the transfer to proceed.
- 3.6 Upon denying a transfer request for any of the following reasons, the Registrar of Record must provide the Registered Name Holder and the potential Gaining Registrar with the reason for denial. The Registrar of Record **may deny** a transfer request **only** in the following specific instances:
 1. Evidence of fraud
 2. UDRP action
 3. Court order by a court of competent jurisdiction
 4. Reasonable dispute over the identity of the Registrant or Administrative Contact
 5. No payment for previous registration period (including credit card charge-backs) if the domain name is past its expiration date or for previous or current registration periods if the domain name has not yet expired. In all such cases, however, the domain name must be

put into "Registrar Hold" status by the Registrar of Record prior to the denial of transfer.

6. Express written objection to the transfer from the Registered Name Holder. (e.g. - email, fax, paper document or other processes by which the Registered Name Holder has expressly and voluntarily objected through opt-in means)
7. A domain name was already in "lock status" provided that the Registrar provides a readily accessible and reasonable means for the Registered Name Holder to remove the lock status.
8. A domain name is in the first 60 days of an initial registration period.
9. A domain name is within 60 days (or a lesser period to be determined) after being transferred (apart from being transferred back to the original Registrar in cases where both Registrars so agree and/or where a decision in the dispute resolution process so directs).

3.7 Instances when the requested change of Registrar **may not be denied** include, but are not limited to:

- Nonpayment for a pending or future registration period
- No response from the Registrant or Administrative Contact.
- Domain name in Registrar Lock Status, unless the Registered Name Holder is provided with the reasonable opportunity and ability to unlock the domain name prior to the Transfer Request.
- Domain name registration period time constraints, other than during the first 60 days of initial registration or during the first 60 days after a registrar transfer.
- General payment defaults between Registrar and business partners / affiliates in cases where the Registered Name Holder for the domain in question has paid for the registration.
- A dispute over payment. The Registrar of Records must not employ transfer processes as a mechanism to secure payment for services from a Registered Name Holder. Exceptions to this requirement are as follows: (i) In the case of non-payment for previous registration period(s) if the transfer is requested after the expiration date, or (ii) In the case of non-payment of the current registration period, if transfer is requested before the expiration date.

4. Registrar Coordination

4.1 Each Registrar is responsible for keeping copies of documentation, including the FOA and the Registered Name Holders response thereto, that may be required for filing and supporting a dispute under the dispute resolution policy. Gaining Registrars must maintain copies of the FOA as

received from the Registered Name Holder as per the standard document retention policies of the contracts. Copies of the reliable evidence of identity must be kept with the FOA.

- 4.2 The Gaining Registrar must retain, and produce pursuant to a request by a Losing Registrar, a written or electronic copy of the FOA. In instances where the Registrar of Record has requested copies of the FOA, the Gaining Registrar must fulfill the Registrar of Records request (including providing the attendant supporting documentation) within five (5) calendar days. Failure to provide this documentation within the time period specified is grounds for reversal by the usTLD Administrator in the event that a transfer complaint is filed in accordance with the requirements of this policy.
- 4.3 If either a Registrar of Record or a Gaining Registrar does not believe that a transfer request was handled in accordance with the provisions of this policy, then the Registrar may initiate a complaint with the usTLD Administrator of this Policy.
- 4.4 For purposes of facilitating transfer requests, Registrars should provide and maintain a unique and private email address for use only by other Registrars and the Registry:
 - 4.4.1 This email address is for issue related to transfer requests and the procedures set forth in this policy only.
 - 4.4.2 The email address should be managed to ensure messages are received by someone who can respond to the transfer issue.
 - 4.4.3 Messages received at such email address must be responded to within a commercial reasonable timeframe not to exceed seven (7) calendar days.

5. Registry Requirements

- 5.1 Upon receipt of the "transfer" command from the Gaining Registrar, usTLD Administrator will transmit an electronic notification to both Registrars.
- 5.2 The usTLD Administrator shall complete the requested transfer unless, within five (5) calendar days, usTLD Administrator receives a NACK protocol command from the Registrar of Record.
- 5.3. The usTLD Administrator shall undo a transfer if, after a transfer has occurred, the usTLD Administrator receives one of the notices as set forth below. In such case, the transfer will be reversed and the domain name

reset to its original state. The usTLD Administrator must undo the transfer within five (5) calendar days of receipt of the notice except in the case of a Registry dispute decision, in which case the usTLD Administrator must undo the transfer within fourteen (14) calendar days unless a court action is filed. The notice required shall be one of the following:

- 5.3.1 Agreement of the Registrar of Record and the Gaining Registrar sent by email, letter or fax that the transfer was made by mistake or was otherwise not in accordance with the procedures set forth in this policy;
- 5.3.2 The final determination of a dispute resolution body having jurisdiction over the transfer; or
- 5.3.3 Order of a court having jurisdiction over the transfer.

6. Records of Registration

Each Registrar shall require its customer, the Registered Name Holder, to maintain its own records appropriate to document and prove the initial domain name registration date.

7. Effect on Term of Registration

The completion by usTLD Administrator of a holder-authorized transfer under this Part A shall result in a one-year extension of the existing registration, provided that in no event shall the total unexpired term of a registration exceed ten (10) years.

B usTLD Administrator Approved Transfers.

Transfer of all of the registrations held by one registrar as the result of acquisition of that registrar or its assets by another registrar may be made according to the following procedure:

- (a) The acquiring registrar must be accredited by usTLD Administrator for the usTLD under an Accreditation Agreement and must have in effect a usTLD Administrator-Registrar Agreement with usTLD Administrator for the usTLD.
- (b) usTLD Administrator shall determine, in its sole discretion, that the transfer would promote the community interest, such as the interest in stability that may be threatened by the actual or imminent business failure of a registrar.

Upon satisfaction of these two conditions, usTLD Administrator will make the necessary one-time changes in the registry database for no charge for transfers involving 50,000 name registrations or fewer; provided that the data to be

transferred to usTLD Administrator is in the form specified by usTLD Administrator ("Approved Format"). If the transfer involves registrations of more than 50,000 names, and the data to be transferred to usTLD Administrator is in the Approved format, usTLD Administrator will charge the acquiring registrar a one-time flat fee of US \$50,000. If the data to be transferred is not in the Approved Format, the usTLD Administrator may charge a reasonable fee, as determined by the usTLD Administrator, in connection with the cost associated with reformatting such data.

Exhibit E
**USTLD ADMINISTRATOR’S OPERATIONAL STANDARDS, POLICIES,
PROCEDURES, AND PRACTICES**

I. Registration Requirements

Before the usTLD Administrator will accept applications for registration from a registrar, all domain name applicants in the .us TLD must:

1. Enter into an electronic or paper registration agreement with the registrar, in accordance with the Accreditation Agreement with usTLD Administrator and this Agreement. Such electronic or paper registration agreement shall include, at a minimum, the following certifications:
 - a) The data provided in the domain name registration application is true, correct, up to date and complete; and
 - b) The registrant will keep the information provided above up to date.
2. Certify in the Registration Agreement that to the best of his, her or its knowledge the domain name registrant has the authority to enter into the Registration Agreement and meets all the US Nexus Requirement set forth below.

II. US Nexus Requirement

Registrants in the usTLD must be either:

1. A natural person (i) who is a United States citizen, (ii) a permanent resident of the United States of America or any of its possessions or territories, or (iii) whose primary place of domicile is in the United States of America or any of its possessions [**Nexus Category 1**], or
2. An entity or organization that is (i) incorporated within one of the fifty (50) U.S. states, the District of Columbia, or any of the United States possessions or territories or (ii) organized or otherwise constituted under the laws of a state of the United States of America, the District of Columbia or any of its possessions or territories [**Nexus Category 2**], or
3. An entity or organization (including a federal, state, or local government of the United States, or a political subdivision thereof) that has a bona fide presence in the United States of America or any of its possessions or territories. [**Nexus Category 3**]

Prospective registrant will certify that they have a “bona fide presence in the United

States” on the basis of real and substantial lawful contacts with, or lawful activities in, the United States of America. This requirement is intended to ensure that only those individuals or organizations that have a substantive lawful connection to the United States are permitted to register for usTLD domain names.

It shall be a continuing requirement that all usTLD domain name registrants maintain the US Nexus Requirement.

To implement the Nexus requirement, NeuStar will:

- Require that Registrars certify that they enforce the nexus requirements upon their registrants and that they require that their registrants to certify that they meet the nexus requirement.
- Conduct a scan of selected registration request information to provide a “veracity check” on of the information.
- Conduct “spot checks” on registrant information.

Information Collected From Registrants

To register a name, registrants, through their registrars will be required to provide basic registration information to the Registry. The minimum required information is:

- The domain name registered;
- The IP address and corresponding names of the primary and secondary name servers for the registered name;
- The registrar name and URL or, where appropriate, the identity of the delegated manager under which the name is registered;
- The original creation date and term of the registration;
- The name and postal address of the domain name registrant;
- The name, postal address, e-mail address, voice telephone number, and (where available) fax number of the name holder for the name registered;
- The name, postal address, e-mail address, voice telephone number, and (where available) fax number of the technical contact for the name registered; and
- The name, postal address, e-mail address, voice telephone number, and (where available) fax number of the administrative contact for the name registered.

In addition to the above information, registrants will be required to provide certain additional Nexus Information. Except where it is noted below that a registration will be denied if information is missing, failure of a registration to satisfy Nexus will result in the name being placed upon a 30-day hold during which time the registrar will be notified and given the opportunity to correct the information with the registrant. If no action is taken by the registrar within the 30-day period, the registration will be cancelled and the name will be returned to available status. The registration fee will not be refunded. If, on the other hand, the registrant is able to demonstrate compliance with the requirement and the information is corrected, the hold will be released and the name will be registered.

- Certification that Registrant satisfies nexus requirement -- if not completed, then registration will be rejected;
- Basis for compliance (Nexus Category 1, 2, or 3) -- if not completed, then registration will be rejected
- Certification that the listed name servers are located within the United States – if not completed, then registration will be rejected
- If Nexus Category 1

A natural person (i) who is a United States citizen, (ii) a permanent resident of the United States of America or any of its possessions or territories, or (iii) whose primary place of domicile is in the United States of America or any of its possessions

- statement of citizenship or legal permanent residency – if not completed then registration will be rejected
- address of primary place of domicile if different from the name holder contact information provided above.
- If Nexus Category 2

An entity or organization that is (i) incorporated within one of the fifty (50) U.S. states, the District of Columbia, or any of the United States possessions or territories or (ii) organized or otherwise constituted under the laws of a state of the United States of America, the District of Columbia or any of its possessions or territories

- Type of entity (Corporation, Partnership, sole proprietorship, etc.)
- Jurisdiction of Incorporation or Registration (State, City and County, Territory, etc.)
- If Nexus Category 3

An entity or organization (including a federal, state, or local government of the United States, or a political subdivision thereof) that has a bona fide presence in the United States of America or any of its possessions or territories.

- If foreign entity, Applicant must state country of citizenship.
- Check from category list, basis for compliance with Nexus requirement – regularly sells goods in the United States; regularly provides services in the United States; regularly engages in business activities, trade or other business (commercial or non-commercial including not-for-profit) relations in the United States; maintains an office or other property within the United States

Category 3 Nexus Certification Prospective Registrants will certify compliance with Category 3 Nexus based upon substantial lawful contacts with, or lawful activities in, the United States.

Factors that should be considered in determining whether an entity or organization has a bona fide presence in the United States shall include, without limitation, whether such prospective usTLD domain name registrant:

- Regularly performs lawful activities within the United States related to the purposes for which the entity or organization is constituted (e.g., selling goods or providing services to customers, conducting regular training activities, attending conferences), provided such activities are not conducted solely or primarily to permit it to register for a usTLD domain name and are lawful under the laws and regulations of the United States and satisfy policies for the usTLD, including policies approved and/or mandated by the DoC;
- Maintains an office or other facility in the United States for a lawful business, noncommercial, educational, or governmental purpose and not solely or primarily to permit it to register for a usTLD domain name.

Nexus Dispute Policy

Although the Nexus Requirement will initially be enforced through the registration process, as described above, disputes may arise as to the authenticity, veracity, or accuracy of the registrant’s Nexus certification. Therefore, NeuStar, as administrator of the usTLD has devised a Nexus Dispute Policy (NDP) that will be administered solely by the usTLD Administrator, or its designated representative. The NDP will provide interested parties with an opportunity to challenge a registration not complying with the Nexus Requirement. In the event that a third party wishes to challenge the authenticity or veracity of a usTLD registrant’s United States Nexus, that party may submit a “Nexus Challenge” to the usTLD Administrator or its authorized representative. The challenger must submit a written statement to the usTLD Administrator via first class mail alleging with specificity, evidence to support its allegation that the registrant fails to meet any of the Nexus Requirements set forth above. NeuStar, as the usTLD Administrator, may itself begin the challenge process as the result of its own “spot check” process. The written statement must be accompanied by a signed Nexus Challenge Affidavit, which the challenger will download from www.neustar.us, and the required NDP fee, as posted

at www.neustar.us.

Once the usTLD Administrator receives a challenge, the domain name will be placed upon “registry hold” until the matter is resolved. While the name is on registry hold, the registrant may not (i) change any of the contact information for that particular domain name or (ii) transfer the domain name to any third party.

In the event that the usTLD Administrator finds that the challenger has established a *prima facie* case that the registrant has not met the Nexus Requirement, the usTLD Administrator Nexus Officer will issue a letter to the registrant to submit evidence of compliance with the Nexus Requirements (“Letter”). The registrant shall have a period of thirty (30) days from the date of the Letter to submit evidence of compliance. If, within the thirty (30) days, the registrant submits evidence establishing compliance with the Nexus Requirement, the registrant shall be permitted to keep the domain name.

If, however, the registrant either (i) does not respond within the thirty (30) days, or (ii) is unable to demonstrate through documentary evidence that it complied with the Nexus Requirement prior to the date the NDP was invoked, the usTLD Administrator Nexus Officer will issue a finding that the registrant has failed to meet the Nexus Requirement. Upon such a finding, the registrant will be given a total of thirty (30) days to cure the US Nexus deficiency. If the registrant is able to demonstrate within (30) days that it has cured such deficiency, the registrant will be allowed to keep the domain name. If the registrant either (i) does not respond within the thirty (30) days, or (ii) is unable to proffer evidence demonstrating compliance with the Nexus Requirement, the domain name registration will be deleted from the registry database, the registrar for the name will be notified, and the domain name will be made available for registration. This process represents the exclusive remedy for an NDP challenger.

usTLD Administrator reserves the right to modify this NDP at any time with the permission of COTR. usTLD Administrator will post its revised NDP on its Website at least thirty (30) calendar days before it becomes effective.

IV. Reservation

usTLD Administrator reserves the right to deny, cancel or transfer any registration that it deems necessary, in its discretion; (1) to protect the integrity and stability of the registry; (2) to comply with any applicable laws, government rules or requirements, requests of law enforcement, in compliance with any dispute resolution process; (3) to avoid any liability, civil or criminal, on the part of usTLD Administrator, as well as its affiliates, subsidiaries, officers, directors, representatives, employees, and stockholders; (4) for violations of this Agreement (including its Exhibits); ~~or~~ (5) to correct mistakes made by usTLD Administrator or any registrar in connection with a domain name registration or (6) to prevent the use of of a domain name for used for the submission of unsolicited bulk e-mail, phishing, pharming, malware, bot-nets or other abuse or fraudulent purposes. usTLD Administrator also reserves the right to freeze a domain name during resolution of a dispute.

Exhibit F

REGISTRATION FEES

Initial Registration. Registrar agrees to pay the non-refundable fee of \$5.50 per Registered Name per year of registration.

- Renewal Fees. Registrar agrees to pay the non-refundable fee of \$5.50 per Registered Name per year for renewals.
- Fees for Transfers of Sponsorship of Domain-Name Registrations
Where the sponsorship of a domain name is transferred from one registrar to another, usTLD Administrator may require the registrar receiving the sponsorship to request a renewal of one year for the name. In connection with that extension, usTLD Administrator may charge a Renewal Fee for the requested extension as provided in the renewal schedule set forth above. The transfer shall result in an extension according to the renewal request, subject to a ten-year maximum on the future term of any domain-name registration. The Renewal Fee shall be paid in full at the time of the transfer by the registrar receiving sponsorship of the domain name.
- Enhanced Whois Service. Registrar agrees to pay the non-refundable amounts as set forth below:

To be provided with at least 30 days advance notice: Yearly Subscription Fee
Rate, One time Usage Fee

NOTE: usTLD Administrator reserves the right to revise the Fees prospectively upon thirty (30) days notice to Registrar, provided that such adjustments are consistent with the usTLD Agreement.

Exhibit G

PERFORMANCE SPECIFICATIONS

1. Introduction. The attached Performance Specification Matrix ("Matrix") provides a list of perf
2. Definitions. Capitalized terms used herein and not otherwise defined shall have the meaning ascribed to them in the Agreement.
 - 2.1 "Core Services" refers to the three core services provided by the usTLD System—SRS, Nameserver, and Whois Services.
 - 2.2 "Performance Specification" refers to the specific committed performance service levels as specified herein.
 - 2.3 "Performance Specification Priority" refers to the usTLD Administrator's rating system for Performance Specifications. Some Performance Specifications are more critical to the operations of the usTLD Administrator than others. Each of the Performance Specifications is rated as C1-mission critical, C2-mission important, C3-mission beneficial, or C4-mission maintenance.
 - 2.4 "Registrar Community" refers to all the registrars accredited by usTLD Administrator that have executed usTLD Administrator-Registrar Agreements with usTLD Administrator for the usTLD.
 - 2.5 "SRS" refers to the Shared Registration System; the service that the usTLD System provides to the Registrar Community. Specifically, it refers to the ability of registrars to add, modify, and delete information associated with domain names, nameserver, contacts, and registrar profile information. This service is provided by systems and software maintained in coactive data centers. The service is available to registrars via an Internet connection.
 - 2.6 "Nameserver" refers to the nameserver function of the usTLD System and the nameservers that resolve DNS queries from Internet users. This service is performed by multiple nameserver sites that host DNS resource records. The customers of the nameserver service are users of the Internet. The nameservers receive a DNS query, resolve it to the appropriate address, and provide a response.
 - 2.7 "Service Level Measurement Period" refers to the period of time for which a Performance Specification is measured. Monthly periods are based on calendar months, quarterly periods are based on calendar quarters, and annual periods are based on calendar years.

2.8 "Whois" refers to the usTLD Administrator's Whois service. The usTLD Administrator will provide contact information related to registered domain names and nameserver through a Whois service. Any person with access to the Internet can query the usTLD Administrator's Whois service directly (via the usTLD Administrator website) or through a registrar.

3. Performance Specifications. usTLD Administrator shall use commercially reasonable efforts to provide usTLD Services for the usTLD.

3.1 Service Availability. Service Availability is defined as the time, in minutes, that the usTLD System's Core Services are responding to its users. Service is unavailable when a service listed in the Matrix is unavailable to all users, that is, when no user can initiate a session with or receive a response from the usTLD System ("Unavailability"). Service Availability is a C1 priority level.

3.1.1 Service Availability is measured as follows:

Service Availability % = $\frac{[(TM - POM) - UOM]}{(TM - POM)} * 100$ where:

TM = Total Minutes in the Service Level Measurement Period (#days*24 hours*60 minutes).

POM = Planned Outage Minutes (sum of (i) Planned Outages and (ii) Extended Planned Outages during the Service Level Measurement Period).

UOM = Unplanned Outage Minutes (Difference between the total number of minutes of Unavailability during the Service Level Measurement Period minus POM).

Upon written request, and at the sole expense of the requesting registrar(s), usTLD Administrator will retain an independent third party (to be selected by usTLD Administrator to perform an independent calculation of the UOM). The frequency of this audit will be no more than once yearly during the term of the Agreement between usTLD Administrator and the Registrar.

This calculation is performed and the results reported for each calendar month for SRS and Whois availability and for each calendar year for Nameserver availability. Results will be reported periodically to the Registrar Community via e-mail.

3.1.2 Service Availability-SRS = 99.9% per calendar month. Service Availability as it applies to the SRS refers to the ability of the SRS to respond to registrars that access and use the SRS through the EPP protocol. SRS Unavailability will be logged with the usTLD Administrator as Unplanned Outage Minutes. The committed Service Availability for SRS is 99.9% and the Service Level

Measurement Period is monthly.

3.1.3 Service Availability–Nameserver = 100% per calendar year. Service Availability as it applies to the Nameserver refers to the ability of the Nameserver to resolve a DNS query from an Internet user. Nameserver Unavailability will be logged with the usTLD Administrator as Unplanned Outage Minutes. The committed Service Availability for Nameserver is 100% and the Service Level Measurement Period is annually.

3.1.4 Service Availability–Whois = 99.95% per calendar month. Service Availability as it applies to Whois refers to the ability of all users to access and use the usTLD Administrator's Whois service. Whois Unavailability will be logged with the usTLD Administrator as Unplanned Outage Minutes. The committed Service Availability for Whois is 99.95% and the Service Level Measurement Period is monthly.

3.2 **Planned Outage.** High volume data centers like that used in the usTLD System require downtime for regular maintenance. Allowing for regular maintenance ("Planned Outage") ensures a high level of service for the usTLD System. Planned Outage Performance Specifications are a C4 priority level.

3.2.1 Planned Outage Duration. The Planned Outage Duration defines the maximum allowable time, in hours and minutes, that the usTLD Administrator is allowed to take the usTLD Services out of service for regular maintenance. Planned Outages are planned in advance and the Registrar Community is provided warning ahead of time. This Performance Specification, where applicable, has a monthly Service Level Measurement Period. The Planned Outage Duration for the Core Services is as follows:

3.2.1.1 Planned Outage Duration–SRS = 8 hours (480 minutes) per month;

3.2.1.2 Planned Outage Duration–Nameserver = (no planned outages allowed); and

3.2.1.3 Planned Outage Duration–Whois = 8 hours (480 minutes) per month.

3.2.2 Planned Outage Timeframe. The Planned Outage Timeframe defines the hours and days in which the Planned Outage can occur. The Planned Outage Timeframe for the Core Services is as follows:

3.2.2.1 Planned Outage Timeframe–SRS = 0600-1400 UTC

Sunday;

3.2.2.2 Planned Outage Timeframe–Nameserver =(no planned outages allowed); and

3.2.2.3 Planned Outage Timeframe–Whois = 0600-1400 UTC Sunday.

3.2.3 Planned Outage Notification. The usTLD Administrator will notify all of its registrars of any Planned Outage. The Planned Outage Notification Performance Specification defines the number of days prior to a Planned Outage that the usTLD Administrator will notify its registrars. The Planned Outage Notification for the Core Services is as follows:

3.2.3.1 Planned Outage Timeframe–SRS = 3 days;

3.2.3.2 Planned Outage Timeframe–Nameserver =(no planned outages allowed); and

3.2.3.3 Planned Outage Timeframe–Whois = 3 days.

3.3 **Extended Planned Outage.** In some cases such as software upgrades and platform replacements an extended maintenance timeframe is required. Extended Planned Outages will be less frequent than regular Planned Outages but their duration will be longer. Extended Planned Outage Performance Specifications are a C4 priority level.

3.3.1 Extended Planned Outage Duration. The Extended Planned Outage Duration defines the maximum allowable time, in hours and minutes, that the usTLD Administrator is allowed to take the usTLD Services out of service for extended maintenance. Extended Planned Outages are planned in advance and the Registrar Community is provided warning ahead of time. Extended Planned Outage periods are in addition to any Planned Outages during any Service Level Measurement Period. This Performance Specification, where applicable, has a Service Level Measurement Period based on a calendar quarter. The Extended Planned Outage Duration for the Core Services is as follows:

3.3.1.1 Extended Planned Outage Duration–SRS = 18 hours (1080 minutes) per calendar quarter;

3.3.1.2 Extended Planned Outage Duration–Nameserver = (no planned outages allowed); and

3.3.1.3 Extended Planned Outage Duration–Whois = 18 hours (1080 minutes) per calendar quarter.

3.3.2 Extended Planned Outage Timeframe. The Extended Planned Outage Timeframe defines the hours and days in which the Extended Planned Outage can occur. The Extended Planned Outage Timeframe for the Core Services is as follows:

3.3.2.1 Extended Planned Outage Timeframe–SRS = 1201-0800 UTC Saturday or Sunday;

3.3.2.2 Extended Planned Outage Timeframe–Nameserver = (no planned outages allowed); and

3.3.2.3 Extended Planned Outage Timeframe–Whois = 1201-0800 UTC Saturday or Sunday.

3.3.3 Extended Planned Outage Notification. The usTLD Administrator will notify all of its registrars of any Extended Planned Outage. The Extended Planned Outage Notification Performance Specification defines the number of days prior to an Extended Planned Outage that the usTLD Administrator will notify its registrars. The Extended Planned Outage Notification for the Core Services is as follows:

3.3.3.1 Extended Planned Outage Timeframe–SRS = 4 weeks;

3.3.3.2 Extended Planned Outage Timeframe–Nameserver = (no planned outages allowed); and

3.3.3.3 Extended Planned Outage Timeframe–Whois = 4 weeks.

3.4 Processing Time. Processing Time is an important measurement of transaction-based services like those provided by the usTLD System. The first three Performance Specifications, Service Availability, Planned Outages and Extended Planned Outages, measure the amount of time that the service is available to its users. Processing Time measures the quality of that service.

Processing Time refers to the time that the usTLD system receives a request and sends a response to that request. Since each of the usTLD Services has a unique function the Performance Specifications for Processing Time are unique to each of the usTLD Services. For example, a Performance Specification for the Nameserver is not applicable to the SRS and Whois, etc. Processing Time Performance Specifications are a C2 priority level.

Processing Time Performance Specifications have a monthly Service Level Measurement Period and will be reported on a monthly basis. The usTLD system will log the processing time for all of the related transactions, measured from the

time it receives the request to the time that it returns a response.

3.4.1 Processing Time–Add, Modify, Delete = 3 seconds for 95%

3.4.1.1 Processing Time–Add, Modify, and Delete is applicable to the SRS as accessed through the EPP protocol. It measures the processing time for add, modify, and delete transactions associated with domain names, nameserver, contacts, and registrar profile information.

3.4.1.2 The Performance Specification is 3 seconds for 95% of the transactions processed. That is, 95% of the transactions will take 3 seconds or less from the time the usTLD system receives the request to the time it provides a response.

3.4.2 Processing Time–Query Domain = 1.5 seconds for 95%

3.4.2.1 Processing Time–Query Domain is applicable to the SRS as accessed through the EPP protocol. It measures the processing time for an availability query of a specific domain name.

3.4.2.2 The performance specification is 1.5 seconds for 95% of the transactions. That is, 95% of the transactions will take 1.5 seconds or less from the time the usTLD system receives the query to the time it provides a response as to the domain name's availability.

3.4.3 Processing Time–Whois Query = 1.5 seconds for 95%

3.4.3.1 Processing Time–Whois Query is only applicable to the Whois. It measures the processing time for a Whois Query.

3.4.3.2 The Performance Specification is 1.5 seconds for 95% of the transactions. That is, 95% of the transactions will take 1.5 seconds or less from the time the Whois receives a query to the time it responds.

3.4.4 Processing Time–Nameserver Resolution = 1.5 seconds for 95%

3.4.4.1 Processing Time–Nameserver Resolution is only applicable to the Nameserver. It measures the processing time for a DNS query.

3.4.4.2 The Performance Specification is 1.5 seconds for 95% of the transactions. That is, 95% of the transactions will take 1.5 seconds or less from the time Nameserver receives the DNS query to the time it provides a response.

3.5 Update Frequency. There are two important elements of the usTLD System that are updated frequently and are used by the general public: Nameserver and Whois. Registrars generate these updates through the SRS. The SRS then updates the Nameserver and the Whois. These will be done on a batch basis. Update Frequency Performance Specifications are a C3 priority level.

The committed Performance Specification with regard to Update Frequency for both the Nameserver and the Whois is 15 minutes for 95% of the transactions. That is, 95% of the updates to the Nameserver and Whois will be effectuated within 15 minutes. This is measured from the time that the registry confirms the update to the registrar to the time the update appears in the Nameserver and Whois. Update Frequency Performance

Specifications have a monthly Service Level Measurement Period and will be reported on a monthly basis.

3.5.1 Update Frequency–Nameserver = 15 minutes for 95%.

3.5.2 Update Frequency–Whois = 15 minutes for 95%.

Performance Specification Description		SRS	Nameserver	Whois
1	Service Availability	99.9% per calendar month	100 % per calendar year	99.95% per calendar month
2	Processing Time–Add, Modify, Delete	3 sec for 95%	NA	NA
3	Processing Time–Query Domain	1.5 sec for 95%	NA	NA
4	Processing Time–Whois	NA	NA	1.5 sec for 95%
5	Processing Time–Nameserver Resolution	NA	1.5 sec for 95%	NA
6	Update Frequency	NA	15 min for 95%	15 min for 95%

7	Planned Outage–Duration	8 hrs per calendar month	not allowed	8 hrs per calendar month
8	Planned Outage–Timeframe	0600 – 1400 UTC Sun	not allowed	0600 – 1400 UTC Sun
9	Planned Outage–Notification	3 days	not allowed	3 days
10	Extended Planned Outage–Duration	18 hrs per calendar quarter	not allowed	18 hrs per calendar quarter
11	Extended Planned Outage–Timeframe	1201 – 0800 UTC Sat or Sun	not allowed	1201 – 0800 UTC Sat or Sun
12	Extended Planned Outage–Notification	28 days	not allowed	28 days

Exhibit H

SERVICE LEVEL AGREEMENT

1. **Definitions.** Capitalized terms used herein and not otherwise defined shall have the definitions ascribed to them in Exhibit G to the usTLD Administrator-Registrar Agreement.

2. **Credits.** If usTLD Administrator fails to meet the Performance Specifications defined in Exhibit G ("Service Level Exception" or "SLE"), usTLD Administrator shall pay in the aggregate to the Registrar Community a credit according to the tables provided below ("Applicable Credit"). Each Registrar shall only be entitled to a fraction of the Applicable Credit. Such fractions of the credit specified in the tables to be paid to any individual Registrar will be calculated based upon the number of domain names that such Registrar added to the usTLD system during the Service Level Measurement Period compared to the total number of domain names added to the usTLD system by all Registrars during the Service Level Measurement Period in which the SLE occurred. The credit due to Registrar may be paid as an offset to registrations and other fees owed to usTLD Administrator by Registrar. All credits shall be paid in U.S. Dollars. The following Credit Lookup Matrix indicates the corresponding credit table for which the credits defined in this Appendix will be levied.

CREDIT LOOKUP MATRIX

Performance Specification Description	SRS		Nameserver	Whois
1	Service Availability	Table C1a	Table C1b	Table C1a
2	Processing Time - Add, Modify, Delete	Table C2	NA	NA
3	Processing Time - Query Domain	Table C2	NA	NA
4	Processing Time – Whois	NA	NA	Table C2
5	Processing Time – Nameserver Resolution	NA	Table C2	NA
6	Update Frequency	NA	Table C3	Table C3
7	Planned Outage – Duration	Table C4b	NA	Table C4b
8	Planned Outage – Timeframe	Table C4a	NA	Table C4a
9	Planned Outage – Notification	Table C4a	NA	Table C4a
10	Extended Planned	Table	NA	Table

	Outage – Duration	C4b		C4b
11	Extended Planned Outage – Timeframe	Table C4a	NA	Table C4a
12	Extended Planned Outage – Notification	Table C4a	NA	Table C4a

If one or more SLEs occurs as the direct result of a failure to meet a Performance Specification in a single credit class, usTLD Administrator shall be responsible only for the credit assessed for the credit class which is the proximate cause for all directly related failures.

The following tables identify total Registrar Community credits due for SLEs in the four credit classes C1 - C4. Notwithstanding the credit levels contained in these tables, the total credits owed by usTLD Administrator under this Agreement shall not exceed \$30,000 USD monthly and \$360,000 USD annually. The credits contained in Tables C1a-C4 represent the total credits that may be assessed in a given SLR category in one Service Level Measurement Period.

2.1 C1 Credit Class–If availability of C1 Credit Class components or systems does not meet C1 Performance Specifications in any given Service Level Measurement Period described in the Performance Specification Matrix in Exhibit G, usTLD Administrator will credit the Registrar Community according to the tables (which amount will be credited to the Registrar on a proportional basis as set forth above).

Table C1a

SLE	< 30 sec.'s	30-60 sec.'s	1-2 min.'s	2-10 min.'s	10-30 min.'s	over 30 min.'s
Monthly Credit to Registrar Community	\$ 750	\$ 1,500	\$ 2,500	\$ 3,750	\$ 5,000	\$ 6,000

C1a Availability Example: In a given measurement period, the SRS Availability is 99.87%, which equates to 52 minutes of unplanned downtime. The usTLD Administrator's Performance Specification for SRS Availability is 99.9%, or 43 minutes of downtime. The Service Level Exception, therefore, is 9 minutes (52-43 minutes), the difference between the Performance Specification and the actual measured performance. From the Credit Lookup Matrix, we see the relevant SLA is found in Table C1a. In Table C1a, the time interval (2-10 minutes) has a corresponding credit of \$3,750 USD to be paid to the Registrar Community.

Table C1b

SLE	< 10 min.'s	10-30 min.'s	30-60 min.'s	1-2 hours	2-4 hours	over 4 hours
-----	-------------	--------------	--------------	-----------	-----------	--------------

Annual Credit to Registrar Community	\$ 7,500	\$ 15,000	\$ 25,000	\$ 35,000	\$ 50,000	\$ 75,000
--------------------------------------	----------	-----------	-----------	-----------	-----------	-----------

C1b Availability Example: In a given Service Level Measurement Period, the measured Nameserver Availability is 99.990% over a twelve (12) month period, which equates to 52 minutes of downtime. The usTLD Administrator's Performance Specification for Nameserver Availability is 100 %, or 0 minutes of downtime per calendar year. The Service Level Exception, therefore, is 52 minutes (52-0 minutes), the difference between the Performance Specification and the actual measured performance. From the Credit Lookup Matrix, we see the relevant SLA is found in Table C1b. In Table C1b, the time interval (30-60 minutes) has a corresponding credit of \$25,000 USD to be paid to the Registrar Community.

2.2 C2 Credit Class—If processing time for C2 Credit Class services does not meet C2 Service Levels in any given Service Level Measurement Period, usTLD Administrator will credit the Registrar Community according to the following table (which amount will be credited to the Registrars on a proportional basis as set forth above).

Table C2

SLE	< 2 sec.'s	2-5 sec.'s	5-10 sec.'s	10-20 sec.'s	20-30 sec.'s	over 30 sec.'s
Monthly Credit to Registrar Community	\$ 375	\$ 750	\$ 1,500	\$ 3,500	\$ 4,000	\$ 7,500

C2 Processing Example: The Performance Specification for Processing Time for Add, Modify, and Delete is 3 seconds or less for 95% of the transactions. In a given Service Level Measurement Period 7% of the transactions are greater than 3 seconds. The 5% of those transactions with the longest processing times are not subject to the SLE calculation (3 seconds for 95%). The SLE is calculated using the average processing time for the 2% of the transactions that are subject to the SLE. If there were 1,000 transactions and they took a total of 4,000 seconds the average is 4 seconds. That generates an SLE of 1 second (4 seconds - 3 seconds). From the Credit Lookup Matrix, we see the relevant SLA is found in Table C2. In Table C2, the SLE time interval (< 2 seconds) has a corresponding credit \$375 USD to be paid to the Registrar Community.

2.3 C3 Credit Class—If update frequency measurements of C3 Credit Class components or systems do not meet C3 Service Levels in any given Service Level Measurement Period as described in the Performance Specification Matrix in Exhibit G, usTLD Administrator will credit the Registrar Community according to the following tables (which amount

will be credited to the Registrars on a proportional basis as set forth above).

Table C3

SLE	< 30 sec.'s	30-60 sec.'s	1-2 min.'s	2-10 min.'s	10-30 min.'s	over 30 min.'s
Monthly Credit to Registrar Community	\$ 188	\$ 375	\$ 625	\$ 938	\$ 1,250	\$ 1,500

C3 Update Frequency Example: In a given Service Level Measurement Period, 95% of the updates to the Nameserver take 24 minutes or less to complete. The corresponding usTLD Administrator's Performance Specification is 15 minutes for 95% of the updates. The SLE, therefore, is 9 minutes. From the Credit Lookup Matrix, we see the relevant SLA is found in Table C3. The SLE time interval (2-10 minutes) has a corresponding credit of \$938 USD to be paid to the Registrar Community.

2.4 C4 Credit Class—If usTLD Administrator fails to comply with C4 Credit Class category Performance Specifications, usTLD Administrator will credit the Registrar Community according to the following tables (C4a and C4b) (which amount will be credited to the Registrars on a proportional basis as set forth above).

Table C4a

SLE	Any
Monthly Credit to Registrar Community	\$ 500

C4a Planned Outage Notification Example: In each instance the usTLD Administrator fails to meet the Performance Specifications for Notification and Timeframe related to Planned Outages and Extended Planned Outages, the usTLD Administrator is subject to the credit in Table C4a. For example, the usTLD Administrator informs the Registrar Community that it will initiate a Planned Outage of the SRS on the next calendar Sunday (five (5) days advance notice). The corresponding usTLD Administrator's Performance Specification is 28 days notice. From the Credit Lookup Matrix, we see the relevant SLA is found in Table C4a. This results in a credit of \$500 USD to be paid to the Registrar Community.

Table C4b

SLE	< 1 hour	1-2 hours	2-4 hours	4-6 hours	6-10 hours	over 10 hours
-----	----------	-----------	-----------	-----------	------------	---------------

Monthly Credit to Registrar Community	\$ 300	\$ 750	\$ 1,200	\$ 2,500	\$ 3,500	\$ 4,000
---------------------------------------	--------	--------	----------	----------	----------	----------

C4b Planned Outage Example: In a given Service Level Measurement Period, the actual duration of a planned outage is 11 hours and 20 minutes for the SRS. The corresponding usTLD Administrator's Performance Specification is 8 hours per month for the SRS. The SLE, therefore, is 3 hours and 20 minutes. From the Credit Lookup Matrix the relevant SLA is found in Table C4b. The SLE time interval (2-4 hours) has a corresponding credit of \$1,200 USD to be paid to the Registrar Community.

3. Receipt of Credits. In order for Registrars to claim credits, the following procedure must be followed:

- 3.1 usTLD Administrator shall perform the required measurements in order to obtain the total credits associated with the applicable Service Level Measurement Period. Such measurements and associated documentation shall be delivered by e-mail to each of the Registrars in the Registrar Community. Such notice shall also include the total credit (if any) to be paid to the Registrar Community as a result of any outages.
- 3.2 Receipt of Credit - When the above steps have been completed, the usTLD Administrator shall enter in each Registrar's account balance the amount of credit (if applicable) that can be used immediately toward registrations in the Registry.

4. Obligations.

- 4.1 Except in the case of cross-network nameserver performance (which is not a subject of this Service Level Agreement), usTLD Administrator will perform monitoring from internally located systems as a means to verify that the conditions of the SLA are being met.
- 4.2 Upon written request, and at the sole expense of the requesting Registrar(s), usTLD Administrator will retain an independent third party to be selected by usTLD Administrator with the consent of the Registrar(s). The Registrar may, under reasonable terms and conditions, audit the reconciliation records for the purposes of verifying measurements of the Performance Specifications. The frequency of these audits will be no more than once yearly during the term of the agreement between usTLD Administrator and the Registrar.
- 4.3 usTLD Administrator's obligations under this SLA are waived during the first 120 days after the date that the expanded space of the usTLD goes "live." ("Commencement of Service Date").
- 4.4 A Registrar must report each occurrence of alleged occasion of

Unavailability of Core Services to the usTLD Administrator customer service help desk in the manner required by the usTLD Administrator (i.e., e-mail, fax, telephone) in order for an occurrence to be treated as Unavailable for purposes of the SLE.

- 4.5 In the event that the Core Services are Unavailable to an individual Registrar, usTLD Administrator will use commercially reasonable efforts to re-establish the affected Core Services for such Registrar as soon as reasonably practicable. In the event that the Unavailability of Core Services affects all Registrars, the usTLD Administrator is responsible for opening a blanket trouble ticket and immediately notifying all Registrars of the trouble ticket number and details.
- 4.6 Both Registrar and the usTLD Administrator agree to use reasonable commercial good faith efforts to establish the cause of any alleged Core Services Unavailability. If it is mutually determined to be a usTLD Administrator problem, the issue will become part of the Unplanned Outage minutes.
- 4.7 The usTLD Administrator will use commercially reasonable efforts to restore the critical systems of the Core Services within 24 hours after the termination of a force majeure event and restore full system functionality within 48 hours after the termination of a force majeure event. Outages due to a force majeure will not be considered Service Unavailability.
- 4.8 Incident trouble tickets must be opened within a commercially reasonable period of time.

5. Miscellaneous.

- 5.1 This Service Level Agreement is independent of any rights, obligations or duties set forth in the usTLD Administrator Agreement. In the event of any conflict between the terms and conditions of this Agreement and the usTLD Administrator Agreement, the usTLD Administrator Agreement shall control.
