1	Please describe significant project accomplishments during this period. (600 words or less)			
	The County of Elko and CC Communications have checked off a couple of significant steps on our list this year. We completed our EA and received approval to move forward with our project from NIST on November 15, 2022. We have since been moving forward with the procurement stage of our project. CC Communications will be submitting an RFI for cost estimates for architectural and engineering services as well as a bid proposal for a construction contractor on February 16, 2023. After the bid is completed and a contractor is selected, our estimated timeframe to start construction is March 6, 2023.			
2	Please describe each service provided with BIP grant funds. (600 words or less)			
	We have not been able to provide service or use BIP grant funding yet.			
3a	Provide the number of locations or geographic areas at which broadband service was provided using the grant funds. (Please attach associated shapefiles of geographic areas) (600 words or less)			
	Construction has not been started yet. Therefore we do not have locations/areas of broadband service yet.			
3b	Using the Excel spreadsheet template titled "BIP Reports Addendum A", please provide an updated count of Households within each of the eligible census block groups along with their Location ID that you connected to your network in column titled '# of Units'. The locations should match and conform to the Federal Communications Commission (FCC) Broadband Serviceable Location Fabric, which is a unique identifier the geographic coordinates, and where available, the address(es) associated with each location. Please be sure to select 'Annual Report' checkbox when completing the addendum.

3d	Using the Excel spreadsheet template titled "BIP Reports Addendum C", please provide an updated count of Community Anchor Institutions (CAIs) within each of the eligible census block groups along with their Location ID that you connected to your network in column titled '# of Units'. The locations should match and conform to the Federal Communications Commission (FCC) Broadband Serviceable Location Fabric, which is a unique identifier the geographic coordinates, and where available, the address(es) associated with each location. Please be sure to select 'Annual Report' checkbox when completing the addendum.		
4	<p>If applicable, please list each subrecipient that received a subgrant from the covered partnership and a description of the specific project for which the grant funds were provided. (600 words or less)</p> <p>Elko County's only subrecipient is CC Communications and we have partnered with them to expand their already deployed XGS-PON FTTH network to serve 100% of the proposed service area of Spring Creek, NV. This project includes 5,758 locations, both residential and commercial, in the Spring Creek area. CC Communications will then utilize existing conduit and fiber placements to branch off to serve each location within the service area. To date we have completed our EA, underwent the procurement process for our construction contractor, and now we are waiting for the northern Nevada to clear up so we may get started on our putting fiber in the ground.</p>
