Public comments were previously requested via the **Federal Register** on June 22, 2020 during a 60-day comment period. This notice allows for an additional 30 days for public comments.

The training programs offered by GIPA are designed to meet the specific needs of foreign government officials (including judges; prosecutors; police; customs officials; patent, trademark, and copyright officials; and policymakers) concerning various intellectual property topics, such as global intellectual property rights protection, enforcement, and strategies to handle the protection and enforcement issues in their respective countries.

This survey replaces the existing Pre-Program Survey and is a shortened version of the Post-Program Survey. The Post-Program Survey is used to analyze the overall effectiveness of the program and is conducted at the conclusion of training programs held at U.S. locations. The Alumni Survey is used to determine the benefit of the GIPA training program for the future job performance of the participant. The data obtained from these three surveys will be used to evaluate the percentage of foreign officials trained by GIPA who have increased their expertise in intellectual property, enhanced their professional abilities and future job performance, and developed their own nation's intellectual property program. All the surveys have updated questions and answer options.
